Desire For Control Personality Social And Clinical Perspectives

**Don H. Hockenbury, Sandra E.
Hockenbury**

Desire For Control Personality Social And Clinical Perspectives:

Desire for Control Jerry M. Burger, 2013-06-29 This book is a cumulation of a research program that began in the summer of 1978 when I was a doctoral student at the University of Missouri What started as a graduate student's curiosity about individual differences in need for personal control led to a personality scale a few publications some additional questions and additional research For reasons I no longer recall I named this personality trait desire for control One study led to another and questions by students and colleagues often spurred me to apply desire for control to new areas and new questions At the same time researchers around the globe began using the scale and sending me reprints of articles and copies of papers describing work they had done on desire for control In the past decade or so I have talked or corresponded with dozens of students who have used the scale in their doctoral dissertation and master's thesis research I have heard of or seen translations of the Desirability of Control Scale into German Polish Japanese and French There is also a children's version of the scale I estimate that there have now been more than a hundred studies conducted on desire for control

Efficacy, Agency, and Self-Esteem Michael H. Kernis, 2013-06-29 Challenging current notions in self-esteem literature this volume offers new insights into efficacy agency and self-esteem as well as the influence of these constructs on psychological well-being Articles contributed by prominent researchers contain substantial new theoretical and empirical research that focuses on a wide range of personality and motivational phenomena In addition this volume promotes new directions for future research

The Motivated School Alan McLean, 2003-09-03 The book is a pleasure to read and whether the model is adopted in whole or in part as a lens through which to examine and understand what is going on in a learning community it has much to offer Improving Schools As a head of department in a comprehensive school in an education action zone this book has made me think about not only the way I relate to the students I work with but also about relationships with the teachers in my department I therefore warmly recommend to teachers and especially to headteachers and others in positions of leadership in both primary and secondary phases Emotional Behavioural Difficulties The Motivated School is an important book It addresses a number of key issues which are central to Scottish educational policy including Better Behaviour Better Learning Inclusion and Raising Attainment It is also a controversial book challenging as it does woolly thinking on issues such as self-esteem rewards and motivation to learn Scottish Education Review This book is well written and demonstrates the author's commitment and dedication to an individual's psychological well-being and positive effective learning environments The Psychology of Education Review The best education books frequently challenge our assumptions Alan McLean's *The Motivated School* demonstrates with a kind of forensic exactness the way we over-emphasize the importance of student's self-esteem We can't make students motivated we can only create the right conditions There is much to admire in this book It isn't difficult to read and the format is generous and accessible I suspect all school leaders will learn something from it Geoff Barton Times Educational Supplement Friday Magazine Some students do not achieve their full

potential while others of similar ability achieve more than predicted This book shows how important students motivational mindsets can be in influencing the way they learn The author brings together evidence from recent research shows how successful learning contexts can be created and provides real life suggestions for teachers working with disengaged learners Increasing pressure to meet targets has sent schools down the path of trying to motivate students from the outside By recognizing that genuine motivation comes from the inside and that self motivation needs to be nurtured this book provides a practical guide to both teacher and student motivation This book will be of interest to anyone seeking to develop their skills in motivating young people to learn It will be of particular interest to teachers educators and management at all levels

Coping with Minority Status Fabrizio Butera, John M. Levine, 2009-08-31 Society consists of numerous interconnected interacting and interdependent groups which differ in power and status The consequences of belonging to a higher status majority versus a lower status minority can be profound To understand the origins of the problems caused by majority minority tensions and develop solutions it is necessary to understand the dynamics of majority minority relations This volume brings together leading scholars in the fields of stigma prejudice and discrimination minority influence and intergroup relations to provide diverse theoretical and methodological perspectives on what it means to be a minority **Personality**

Jerry M. Burger, 2010-03-17 The perfect way to prepare for exams and get the grade you want Easy access to learning objectives important concepts review and quizzing **Understanding Motivation and Emotion** Johnmarshall Reeve, 2014-11-03 Understanding Motivation and Emotion 6th Edition helps readers understand motivation where it comes from how and why it changes over time and how motivation can be increased The book also shows how to apply the principles of motivation in applied settings such as in schools in the workplace on the athletic field in counseling and in one s own personal life Reeve s engaging writing captures the excitement of recent advances in the field to show the reader what contemporary motivation psychologists are excited about He also uses effective examples and explains how motivation study can be applied to readers daily lives By combining a strong theoretical foundation with current research and practical applications Reeve provides readers with a valuable tool for understanding why people do what they do and why people feel what they feel Psychology

Don H. Hockenbury, Sandra E. Hockenbury, 2008-12-19 More than any other psychology textbook Don and Sandra Hockenbury s Psychology relates the science of psychology to the lives of the wide range of students taking the introductory course Now Psychology returns in a remarkable new edition that shows just how well attuned the Hockenburys are to the needs of today s students and instructors Psychology began with a basic idea combine scientific authority with a narrative that engages students and relates to their lives From decades of experience teaching the Hockenburys created a book filled with cutting edge science and real life stories that draw students of all kinds into the course *Discovering Psychology* Don H. Hockenbury, Sandra E. Hockenbury, 2010-01-27 A multimedia enhanced eBook integrates the text a rich assortment of media powered learning opportunities and a variety of customization features for

students and instructors Worth's acclaimed eBook platform was developed by a cognitive psychologist Pepper Williams Ph D Yale University who taught undergraduate psychology at the University of Massachusetts

Personality, Loose-Leaf Version Jerry M. Burger, 2016-07-06 *Personality* Valerian J. Derlega, Barbara A. Winstead, Warren H. Jones, 2005 Learn the ways researchers in personality psychology conduct their work with PERSONALITY CONTEMPORARY THEORY AND RESEARCH The only book of its kind consists of invited chapters organized into two main sections around basic issues and research topics

Personality Jerry Burger, 2007-04-16 This proven text fuses the best of theory based and research based instruction to give you a powerful introduction to personality that is accessible and understandable Burger pairs theory applications and assessment chapters with chapters that describe the research programs aligned with every major theoretical approach Biographical sketches of theorists and accounts of the stories behind influential research programs help you gain an understanding of how classic and contemporary findings relate to each other and reinforce the idea that theory and research perpetuate one another In text self assessments and a Study Guide available separately allow you to stop consider what you're reading and interact with the material Important Notice Media content referenced within the product description or the product text may not be available in the ebook version

Canadian Journal of Behavioural Science, 1992

Successful Aging, Desire to Change the Past, Counterfactual Thought Rosemary K. Plank, 2001 *Human Motivation* Russell G. Geen, 1995 Geen departs from the conventional approach to human motivation going beyond the traditional survey of biological behavioral and social bases of motivation to capture the student's attention and focus on the problems of motivations with which we live every day Starting from the premise that most human behavior is social behavior Geen establishes a fundamental model of the motivational process by integrating the concepts of motive situation and incentive within a framework of how people set goals for themselves

Touro Law Review, 2001 Desire for Control Jerry M. Burger, 2014-01-15

Exploring Social Psychology Robert A. Baron, Donn Byrne, Gillian Watson, 1997 Psychologists need access to recent data and industry trends They can get all they need here in this updated bestseller Keeping close to its roots this edition retains both the classic and current research coverage of diverse issues and a lively writing style Topics include understanding social behavior perception prejudice interpersonal attraction and more Ideal for social psychologists at any stage of their career

The Moral Judge as a Social Influencer and Intrapyschic Manager Mark David Spranca, 1994

Personality Jerry M. Burger, 1993 Acclaimed for its lucid and student friendly style this text integrates traditional personality theories with current research by personality psychologists Each major approach to understanding personality is covered in a theories chapter followed by a Relevant Research chapter In contrast to other textbooks in which theory and research are treated as unrelated areas of psychology this text carefully shows students how research and theory interrelate and complement one another

Social Psychology Douglas/ Breuner Kenrick, Kenrick and Breuner Staff, Douglas T. Kenrick, Steven L. Neuberg, 1999-07

When somebody should go to the books stores, search launch by shop, shelf by shelf, it is in point of fact problematic. This is why we offer the ebook compilations in this website.
