Comparative Peace Processes In Latin America:

Comparative Peace Processes in Latin America Cynthia Arnson, 1999 This book is about ending guerrilla conflicts in Latin America through political means It is about peace processes aimed at securing an end to military hostilities in the context of agreements that touch on some of the principal political economic social and ethnic imbalances that led to conflict in the first place The book presents a carefully structured comparative analysis of six Latin American countries Nicaragua El Salvador Guatemala Mexico Colombia and Peru which experienced guerrilla warfare that outlasted the end of the Cold War The book explores in detail the unique constellation of national and international events that allowed some wars to end in negotiated settlement one to end in virtual defeat of the insurgents and the others to rage on The aim of the book is to identify the variables that contribute to the success or failure of a peace dialogue Though the individual case studies deal with dynamics that have allowed for or impeded successful negotiations the contributors also examine comparatively such recurrent dilemmas as securing justice for victims of human rights abuses reforming the military and police forces and reconstructing the domestic economy Serving as a bridge between the distinct literatures on democratization in Latin America and on conflict resolution the book underscores the reciprocal influences that peace processes and democratic transition have on each other and the ways democratic space is created and political participation enhanced by means of a peace dialogue with insurgent forces The case studies by country and issue specialists from Latin America the United States and Europe are augmented by commentaries of senior practitioners most directly involved in peace negotiations including United Nations officials former peace advisers and activists from civil society

Reconciliation, Nations and Churches in Latin America Iain S. Maclean, 2016-04-22 This book examines the recent phenomenon in Latin America of national Truth and Reconciliation commissions Few studies have examined the role of Churches or religion in political processes that proclaim valued theological terms as their agenda truth forgiveness and reconciliation This book questions the role of religion specifically of established Churches The impact of such reconciliation commissions on Indigenous Native Americans is also examined as is the role of women and how both commissions and Churches or religions were challenged by their experiences The contributors offer differing perspectives on one or more national truth and reconciliation processes and thus offer a collection that serves as valuable source for the disciplines of Religious Studies Ethics Theology Political Science Social Sciences and Women s Studies

International Handbook of Peace and Reconciliation Kathleen Malley-Morrison, Andrea Mercurio, Gabriel Twose, 2013-01-28 How do ordinary people from different regions around the world define peace and reconciliation What factors do they think are necessary for promoting reconciliation between countries Do they believe that individuals have a right to protest against war and in favor of peace Do they believe that apologies can improve the chances of reconciliation What do they think are the best ways for achieving peace Does reasoning regarding the achievability of world peace vary by region International Handbook of Peace and Reconciliation a companion

volume to the International Handbook on War Torture and Terrorism examines and analyzes how people around the world think about justice governmental apologies the right to protest the peace process the justifiability of armed conflict the possibility of world peace and reconciliation To address these questions researchers from the Group on International Perspectives on Governmental Aggression and Peace GIPGAP administered the Personal and Institutional Rights to Aggression and Peace Survey PAIRTAPS to volunteers from over 40 countries representing the major regions of the world The volume is organized such that the responses to the survey are summarized and analyzed by both by country and by theme Integrative chapters provide an up to date overview of historical and current events relevant to peace and reconciliation and a grounded theory analysis of definitions of peace and reconciliation and of the role of apology in reconciliation In addition to describing the major themes emerging from the responses in each region the volume reports on some exploratory analyses addressing the extent to which we found differences in patterns of responding based on characteristics such as gender military experience and involvement in anti war protest activity International Handbook on Peace and Reconciliation allows ordinary citizens from around the world to voice their views on peace and related issues and examines the context of these views Thus it offers researchers in political science peace psychology social psychology social justice and anthropology a comprehensive resource for a changing global landscape Truth Commissions and Transitional Societies Eric Wiebelhaus-Brahm,2010-01-05 This book uses a multi method approach to examine the impact of truth commissions on subsequent human rights protection and democratic practice and features cross national case studies on South Africa El Salvador Chile and Uganda **Governing Insecurity** Gavin Cawthra,Robin Luckham,2003-04 The authors of this volume explore the challenges of establishing democratic accountability and control over the military and other security establishments in countries which have either been the victims of authoritarian military rule or wracked by violent internal conflict The book examines both successful democratic transitions and failed ones A wide range of cases is covered including Algeria Bosnia and Herzegovina Chile the Congo Ghana Nigeria Sierre Leone South Africa Sri Lanka and Turkey The possible role of regional interventions and institutions notably in West Africa and the Balkans is also examined *Annual Report* Woodrow Wilson International Center for Scholars,1998 Encyclopedia of Mental Health ,2015-08-26 Encyclopedia of Mental Health Second Edition Four Volume Set tackles the subject of mental health arguably one of the biggest issues facing modern society The book presents a comprehensive overview of the many genetic neurological social and psychological factors that affect mental health also describing the impact of mental health on the individual and society and illustrating the factors that aid positive mental health The book contains 245 peer reviewed articles written by more than 250 expert authors and provides essential material on assessment theories of personality specific disorders therapies forensic issues ethics and cross cultural and sociological aspects Both professionals and libraries will find this timely work indispensable Provides fully up to date descriptions of the neurological social genetic and psychological factors that affect

the individual and society Contains more than 240 articles written by domain experts in the field Written in an accessible style using terms that an educated layperson can understand Of interest to public as well as research libraries with coverage of many important topics including marital health divorce couples therapy fathers child custody day care and day care providers extended families and family therapy

The Peace Processes of Colombia and El Salvador Diego A. Gantiva,Marco A. Palacios,1997-06-01 Colombia and El Salvador two Latin American countries have developed similar counterinsurgency processes and started similar processes of peace negotiations between the insurgent armies and the forces of order One peace process was concluded in 1992 when El Salvador ended the war through a political solution Peace Accords Salvadoran insurgent forces agreed to demobilize its army and to become a legal political party while the government agreed to make changes in the social and political structure Colombia after forty years of guerilla warfare and after failed peace talks during the last decade is still trying to set conditions to gain peace through negotiations The thesis while contrasting both general contexts emphasizes their differences to explain the success of the peace process in El Salvador and the failure in Colombia After comparing the political actors involved the military and the guerrillas studying the intensity of the conflict and analyzing the outcomes of the different peace processes we arrived to the conclusion that the Salvadoran model of negotiation cannot be applied entirely to the Colombian case Similarly no government should try to copy the Salvadoran recipe as the remedy for their own social and political problems Any simplistic interpretation should be avoided because it could lead to fallacies that could generate dangerous interpretations by the key actors in the process
