How to Find the Law Morris L. Cohen, 1976

Purposive Interpretation in Law Aharon Barak, 2005 This book presents a comprehensive theory of legal interpretation by a leading judge and legal theorist Currently legal philosophers and jurists apply different theories of interpretation to constitutions statutes rules wills and contracts Aharon Barak argues that an alternative approach purposive interpretation allows jurists and scholars to approach all legal texts in a similar manner while remaining sensitive to the important differences Moreover regardless of whether purposive interpretation amounts to a unifying theory it would still be superior to other methods of interpretation in tackling each kind of text separately Barak explains purposive interpretation as follows All legal interpretation must start by establishing a range of semantic meanings for a given text from which the legal meaning is then drawn In purposive interpretation the text s purpose is the criterion for establishing which of the semantic meanings yields the legal meaning Establishing the ultimate purpose and thus the legal meaning depends on the relationship between the subjective and objective purposes that is between the original intent of the text s author and the intent of a reasonable author and of the legal system at the time of interpretation This is easy to establish when the subjective and objective purposes coincide But when they don t the relative weight given to each purpose depends on the nature of the text For example subjective purpose is given substantial weight in interpreting a will objective purpose in interpreting a constitution Barak develops this theory with masterful scholarship and close attention to its

practical application Throughout he contrasts his approach with that of textualists and neotextualists such as Antonin Scalia pragmatists such as Richard Posner and legal philosophers such as Ronald Dworkin This book represents a profoundly important contribution to legal scholarship and a major alternative to interpretive approaches advanced by other leading figures in the judicial world Journal of Comparative Legislation and International Law, 1906 Includes annual Review of legislation covering the years 1859 1949 **Interpreting Crimes in the Rome Statute of the International Criminal Court** Leena Grover, 2014-10-16 The Rome Statute of the International Criminal Court defines more than ninety crimes that fall within the Court s jurisdiction genocide other crimes against humanity war crimes and aggression How these crimes are interpreted contributes to findings of individual criminal liability and moreover affects the perceived legitimacy of the Court And yet to date there is no agreed upon approach to interpreting these definitions This book offers practitioners and scholars a guiding principle arguments and aids necessary for the interpretation of international crimes Leena Grover surveys the jurisprudence of the International Criminal Tribunals for the former Yugoslavia and Rwanda before presenting a model of interpretive reasoning that integrates the guidance within the Rome Statute into articles 31 33 of the Vienna Convention on the Law of Treaties 1969 *Comparative Administrative Law* Nagendra Nath Ghose, 1919 *The Revised Statutes, Codes and General Laws of the State of New York* New York (State), 1905 **Journal of the Society of Comparative Legislation** Society of Comparative Legislation, 1907 Includes an annual Review of legislation Interpreting Statutes D.
