SHARON GEWIRTZ

Comparing Welfare States

K Morrison

Comparing Welfare States:

Comparing Welfare States Allan Cochrane, John Clarke, Sharon Gewirtz, 2001-07-23 Praise for the First Edition A clear and concise introduction to comparative social policy It provides students with a framework in which to analyze the British welfare regime and to compare it with those developed and developing elsewhere Hilary Graham Professor of Applied Social Studies University of Warwick This extensively revised Second Edition provides a critical introduction to British and comparative social policy Drawing on the comparative analysis of welfare regimes the book show how the welfare systems of individual countries can only be understood thorough exploring the wider global context The chapters highlight the richness complexity and dynamics of welfare regimes in different countries while ar the same time considering shared features and trends Comparing Welfare States provides a unique way into analysis of the British welfare state through its wider international focus In this extensively revised second edition the British case is related to the experiences of the United States of America Sweden Germany and Ireland and set in the context of policy issues within the European Union Throughtout the authors problematize traditional notions of welfare emphasizing variations in levels and forms of provision and in the ways in which different social groups experience welfare Particular attention is paid to the interactions between family policies and issues of race and gender and to the processes by which individuals or groups are given or denied access to full welfare citizenship This book is an invaluable text for students of British and comparative social and public policy and to all of those interested in the study of European welfare states Comparing Welfare States is a course book for the Open University course Family Life and Social Policy D311

Comparing Welfare States Allan Cochrane, John Clarke, 1993-09-17 Offering an introduction to the study of both British and comparative social policy this book provides a unique approach to understanding the British welfare state through its wider international focus The British experience is related to those of Hong Kong Sweden Germany and Ireland and is set in the context of policy issues within the European Community Particular attention is paid to the interactions between family policies and issues of race and gender and to the processes by which individuals or groups are given or denied access to full welfare citizenship Individual chapters move easily between national and international levels in ways which highlight the richness and complexity of welfare regimes in different

European Welfare States Mel Cousins, 2005-11-05 Offers an overview of issues concerning European welfare states This illustrated book brings together a discussion of the theories and techniques of comparative policy analysis and a description of developments in selected welfare state regimes It also features case studies chapter summaries questions and guides for further reading

A Handbook of Comparative Social Policy, Second Edition Patricia Kennett, 2013-01-01 This extensively revised edition of A Handbook of Comparative Social Policy provides up to date and valuable insights on key concepts and issues such as globalization crime diversity housing child poverty gender inequality and social policy regimes To write about these topics editor Patricia Kennett has gathered an excellent team of researchers who deal with both the

developing and the advanced industrial world Students of comparative social policy would benefit from engaging with this illuminating Handbook Daniel Bland Johnson Shoyama Graduate School of Public Policy Canada The current context of social policy is one in which many of the old certainties of the past have been eroded The predominantly inward looking domestic preoccupation of social policy has made way for a more integrated international and outward approach to analysis which looks beyond the boundaries of the state It is in this context that this Handbook brings together the work of key commentators in the field of comparative analysis in order to provide comprehensive coverage of contemporary debates and issues in cross national social policy research Organized around five themes this thoroughly revised and updated second edition explores the contextual conceptual analytical and processual aspects of undertaking comparative social research The contributions highlight specific areas of comparative social policy including child poverty and well being patterns of housing provision and housing inequalities and social protection in East Asia as well as crime and criminology in a global context The authors of the Handbook explore continuing and emerging themes as well as issues which are of particular relevance to understanding the contemporary social world International in scope this authoritative Handbook presents original cutting edge research from leading specialists and will become an indispensable source of reference for anyone interested in comparative and international social research It will also prove a valuable study aid for undergraduate and postgraduate students from a range of disciplines including social policy sociology politics urban studies and public policy

Introducing Comparative Politics Stephen Orvis, Carol Ann Drogus, 2017-11-30 For Introducing Comparative Politics The Essentials the driving force is the pluralist objective stance on introducing students to core concepts in Comparative Politics Authors Stephen Orvis and Carol Ann Drogus introduce key comparative questions while providing equal strengths and weaknesses of commonly debated theories structures and beliefs that push students beyond memorization of country profiles and ever changing statistics and generate in class debate over key concepts used in the science of comparative politics While detailed case studies can go in depth on specific countries and political systems Introducing Comparative Politics The Essentials distills its country material into paragraph long examples woven seamlessly into the narrative of the text increasing diverse global awareness current event literacy and critical thinking skills

Comparing Welfare States and Their Futures Else Øyen, 1986 Reader's Guide to the Social Sciences Jonathan Michie, 2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense

Comparing Welfare Capitalism Bernhard Ebbinghaus, Philip Manow, 2004-01-14 This book challenges the popular thesis of a downward trend in the viability of welfare states in competitive market economies With approaches ranging from historical case studies to cross national analyses the contributors explore various aspects of the relationships

proliferating methodologies Graduate students in political science and sociology will find this book extremely useful in their careers
