## Amendment Process

What does it take to change the constitution?

An amendment must be approved by the Virginia Senate and House of Delegates in two sessions with an election in between, and then by a majority of voters in the next general election, which only occurs in even years.

An amendment requires a two-thirds majority in both houses of Congress and ratification by three-fourths of state legislatures.

With a two-thirds vote in each house, both the US and VA can hold constitutional conventions to amend their constitutions.

**Comparing Constitutions** Günter Frankenberg, 2010 Comparing constitutions means having to cope with problems of understanding that which is unfamiliar and constructing a variety of texts A layered narrative is a way to address these methodological and theoretical challenges It starts from the assumption that the comparatist while never able to see the whole picture must nonetheless focus on seemingly marginal details To capture the interaction between constitutions and cultures the narrative has at its base a broad conceptual grid The next layer is informed by four constitutional archetypes the constitution as contract manifesto program and law In a more structuralist vein the narrative analyzes the constitutional architecture dominated by a master plan whose elements are rights and principles values and duties organizational provisions and rules for constitutional amendment and interpretation While the elements of the master plan correspond to a global repertoire their specific composition and distinctive details reflect the local knowledge that is crucial to the revitalization of comparative constitutional law
