Margaret N. Strand,Lowell M. Rothschild,2009 Wetlands law operates at the junction of private property rights and natural  
resource protection While wetlands provide rich and diverse species habitat protecting and promoting water quality the vast  
majority of U S wetlands are on private property Federal law addresses wetlands protection and development in a complex  
manner Those interested in protecting wetlands or developing wetland property must navigate challenging legal waters The  
Wetlands Deskbook organizes wetlands law for the novice and points out pitfalls to the experts This must have reference  
book combines insights from one of the nation s premier wetlands experts and provides all the background materials needed

**Clean Water Act** ,2010      **Environmental Law and the Values of Nature** Richard J. Finkmoore,2010 This casebook  
provides students in introductory environmental law courses with the broad understanding necessary to practice in the field  
and a firm foundation for subsequent course work in specialized environmental subjects In addition to covering many  
standard topics such as NEPA and the Clean Water Act this book emphasizes natural resources law including water  
allocation species conservation and federal public land management Unlike many casebooks it also examines energy issues  
climate change sustainable development and the environmental movement This distinctive book uses the historical  
development of environmental and natural resources law as a helpful context within which to understand the modern law in  
these fields It also incorporates eight engaging case studies showing the application of environmental law in the real world  
The volume includes significant excerpts from the major environmental statutes so that it is not necessary to assign a  
statutory supplement Thought provoking readings from for example Lewis and Clark Marsh Muir Udall Wilkinson Sax  
Lazarus Rodgers Shabecoff Hays E O Wilson Leopold Reisner and Speth enhance student insight One theme of the casebook  
which promotes enthusiastic class discussion is that the environment possesses a wide range of values or characteristics of  
worth and that an appreciation of these values illuminates the objectives strengths and limitations of contemporary law
