Competition A Feminist Taboo:

Competition, a Feminist Taboo? Valerie Miner, Helen E. Longino, 1987-01 Why is it so hard for women to talk about competition As the editors of this original anthology state Feminists have long been fiercely critical of male power games yet we have often ignored or concealed our own conflicts over money control position and recognition It is time to end the silence The book opens with Letty Cottin Pogrebin's essay *Competing with Women* from the 1972 debut issue of *Ms* Part Two exposes the reality of competition in daily life in academia in the corporate world in athletics in the family and in cross class and cross cultural relationships Part Three offers feminist answers to the questions How do we obliterate competition or find ways to make it benign or useful or replace it with other ideologies and behavior Other contributors include Evelyn Fox Keller Helene Moglen Rosabeth Moss Kanter Tono McNaron Erika Duncan Tivonne Maria Cristina Lugones and Elizabeth V Spelman Competition Valerie Miner, *Generations* Devoney Looser, E. Ann Kaplan, In universities and colleges across the country feminists are debating their histories and future legacies Some older feminists accuse younger ones of being overly theoretical insufficiently political and ungrateful to previous generations The younger ones consider their foremothers naive or elitist *GENERATIONS* explores these conflicts and challenges between older and younger feminist scholars

Feminist Ethics Claudia Card, 1991 Fifteen essays address subjects ranging from the history of feminist ethics to the logic of pluralist feminism and present feminist perspectives on such topics as terrorism bitterness women trusting other women and survival and ethics Paper edition unseen 14 95 Annotation copyrighted by Book News Inc Portland OR

which his thought has hardened with more fluid notions of contingency paradox and thirdness By unveiling the colloquy among psychoanalysis social theory and feminism Dimen challenges clinicians and academicians alike to rethink ideas about gender eroticism and perversion She explores among other topics the relations between lust and libido the limitations of Darwinian thought in theorizing homosexuality the body as projective test and the intimate tangle of love and hate between women Generous clinical examples illustrate the ways in which a radical re visioning of psychosexuality benefits therapists and patients alike A brilliant example of contemporary psychoanalytic theory at its destabilizing best Sexuality Intimacy Power covers both clinical insights and theoretical rethinking that is invaluable for psychoanalysts psychotherapists and students of women s gender and queer studies Dyke Ideas Joyce Trebilcot,1994-01-01 Dyke Ideas is a passionate and insightful contribution to lesbian philosophy The main value is wimmin women separate from men and men s inventions Crazyness guilt competition sex and other topics are explored in ways that reject male values and move toward wimmin identified cultures Method is central The authoritarian God s eye stance typical of academic writing is disavowed in favor of an approach that denies that others should accept the author s beliefs Persuasion is tyranny Joyce Trebilcot thinks so she tries not to interfere with a reader s processes of creating discovering her own ideas This book suggests that lesbian philosophy is like a potluck wimmin bring their own contributions and also help themselves to the offerings of others Dyke Ideas is written in a candid clear jargon free style that makes it accessible to a wide range of readers The writings which include essays poetry a dialogue and forms without names resonate with the feelings and thoughts of many wimmin
