The Role of Trade Literature in Sci-Tech Libraries Ellis Mount, 2019-12-06 This book first published in 1990 examines the relationship between sci tech materials and trade literature commonly called manufacturers catalogues Because very little has been published about the value and nature of trade literature in regard to sci tech libraries this volume is important in informing librarians about a little known segment of the larger picture of sci tech information sources thus adding to the value of their services to their clients It addresses the problems of handling sci tech trade literature in a corporate technical library a large public library and a government library devoted to American history Experts offer practical advice on selecting and organizing trade literature and on managing the growth and extent of a collection of trade literature They discuss modern literature and older publications which often have great historical value Libraries that collect both old and new materials are identified as are publishers of trade literature The book also focuses on how a publisher of classic trade literature views its role

[The Teacher's Guide to Winning Grants](#) David G. Bauer, 1999 Smart teachers know that increased school budgets and taxes do not always lead to better educational programs and services Classrooms are often the last to receive any additional funding As classroom leaders and innovators teachers are increasingly seeking grants to help finance classroom improvements or school reform mandates The process of winning grants however is a time consuming and competitive venture The challenge is even greater when teachers do not have their own grant seeking processes in place This step by step primer takes the guesswork out of grant seeking It shows teachers how to select the right funding sources organize proposal ideas write a convincing and well prepared proposal identify who will evaluate the proposal and the scoring system they will use and efficiently implement the proposal when the grant funds are won Based on time proven techniques and useful strategies The Teacher's Guide to Winning Grants reveals

how teachers can obtain the inside information they need to increase their chances of grant success With this knowledge teachers can develop effective grant seeking methods that will enable them to secure funds and move their schools in the direction they want

Grants A. M. Babkina, 2000 The struggle to obtain grants constitutes an important part of millions of lives Even experienced grantees concede that the process is rife with mysteries and bias Yet the system often is responsible for the solution for or the lack of a solution for many of society's ills This bibliography gathers together citations including abstracts from the journal literature books government reports and edited collections under the categories of Block Grants Community Grants Research Grants Education Grants Business Grants and others
