Comparative Product Liability:

Comparative Product Liability Geraint G. Howells, 1993 This book provides a grounding in the principles of product liability and examines how they have been tackled by different legal systems In particular the author looks at European developments against the background of for example the United States where the concern to protect consumers of defective products has led to something of a products liability crisis large damage awards plus strict liability have meant that it is difficult for some industries to obtain insurance and New Zealand where a no fault compensation scheme operates The book provides an understanding of the process by which European laws are harmonized by analyzing the European Directive on Product Liability and assesses how effective the measures taken have been in the European Community and elsewhere

Comparative Product Liability United Kingdom National Committee of Comparative Law, 1986 *PRODUCT LIABILITY* Helmut Koziol, Michael D. Green, Mark Lunney, Ken Oliphant, Lixin Yang, 2017-11-07 Where products develop ever more rapidly the law may face difficulties in responding accordingly to new security threats which may arise In the field of product liability an extraordinary need for legal development has thus been perceived with legislators and judges feeling compelled to find new solutions and to look across borders for these In the detailed reports in this book the World Tort Law Society proves that it is in an ideal position to examine the most significant concepts The report on North America studies the special regime for product liability from its origin in the case law of the US the European report is centred around the EU Product Liability Directive with its merits and faults and the influence of these two systems as well as new answers are shown in the reports on Asia Russia and four key jurisdictions in the rest of the world Similar questions are discussed worldwide How can a strict liability regime for products be justified and can it be justified in all cases How does the special regime relate to general rules of tort law Should services be subject to a similar regime The Members of the Society seek to provoke thought for solutions to these pervasive problems In this spirit the volume s comparative conclusions invite discussion and the book includes four responses to that call from eminent tort lawyers from different legal backgrounds

International Product Liability H. Duintjer Tebbens, 2024-10-07 Product Liability in Comparative Perspective Duncan Fairgrieve, 2005-10-27 This book examines the law of product liability from a comparative perspective With the European Directive on Product Liability enacted over 20 years ago this publication analyses the state of product liability in a number of key jurisdictions including both Western European countries and New Member States Account is also taken of developments further afield including the United States and Japan Distinguished contributors including a high court judge European Commission official leading litigators and academics provide individual country reports and a number of integrated comparative studies The book is designed for practical use by legal practitioners academics students and others interested in the area of contract tort civil procedure and multi party litigation In particular practitioners will find the country reports an essential reference point **PRODUCT LIABILITY** Helmut Koziol, Michael D. Interagency Task Force on Product Liability,1977 **Comparative Study of Product Liability Law in the United States and the Present Product Liability System in the Republic of China** Jessie Yuan-Zan Shaw,1988 **Handbook of Research on International Consumer Law, Second Edition** Geraint Howells,Iain Ramsay,2018-07-27 Consumer law and policy continues to be of great concern to both national and international regulatory bodies and the second edition of the Handbook of Research on International Consumer Law provides an updated international and comparative analysis of the central legal and policy issues in both developed and developing economies

Product Liability ... United States. Interagency Task Force on Product Liability,1977 Handbook of Research on International Consumer Law Geraint G. Howells,I. Ramsay,Thomas Wilhelmsson,2010 This is a truly international effort and one with a strong commitment to human rights by the highly

reputable authors coming from different jurisdictions The many facets of today's consumer law are presented to the reader including developing countries a fascinating effort in a dynamically emerging field of law We are comprehensively informed about such bread and butter areas as advertising unfair terms consumer guarantees product safety and liability consumer credit and redress But traditional consumer law concepts and remedies are facing challenges in more complex areas like services of general internet where consumers and private users should enjoy equal access to universal services with the internet where speed must not be a pretext to eliminate standards of fair dealing with risky investment services under the problematic paradigm shift from investor protection to investor confidence A book to read to think about to work with for everybody interested in the future of consumer markets and law in a time of economic crisis Norbert Reich University of Bremen Germany This is a richly interesting collection of essays written by leading names in the field It offers a thoroughly reliable survey of key tensions and challenges in modern consumer law and brilliantly combines thematic overview with detailed analysis It will stimulate comparative thinking it will provide a source of information and it will be welcomed by consumer law scholars all over the world Stephen Weatherill University of Oxford UK Consumer law and policy has emerged in the last half century as a major policy concern for all nations This Handbook of original contributions provides an international and comparative analysis of central issues in consumer law and policy in developed and developing economies The Handbook encompasses questions of both social policy and effective business regulation Many of the issues are common to all countries and are becoming increasingly globalised due to the growth in international trade and technological developments such as the Internet The authors provide a broad coverage of both substantive topics and institutional questions concerning optimal approaches to enforcement and the role of class actions in consumer policy It also includes comparative insights into the influential EU and US models of consumer law and relates consumer law to contemporary trends in human rights law Written by a carefully selected group of international experts this text represents an authoritative resource for understanding contemporary and future developments in consumer law This Handbook will provide students researchers and policymakers with an insight to the main policy debates in each context and provide models of legal regulation to assist in the evaluation of laws and the development of consumer law and policy
