Citizenship Sovereignty John Stephen Wright, John Holmes Agnew, 1863 *Citizenship Sovereignty*. By J. S. Wright, assisted by J. H. Agnew John Stephen WRIGHT, 1863 **Citizenship, Sovereignty** John Stephen Wright, John Holmes Agnew, 1864 **Sharing the Sovereign: Indigenous Peoples, Recognition, Treaties and the State** Dominic O'Sullivan, 2020-12-21 This book explains how recognition theory contributes to non colonial and enduring political relationships between Indigenous nations and the state It refers to Indigenous Australian arguments for a Voice to Parliament and treaties to show what recognition may mean for practical politics and policy making It considers critiques of recognition theory by Canadian First Nations scholars who make strong arguments for its assimilationist effect but shows that ultimately recognition is a theory and practice of transformative potential requiring fundamentally different ways of thinking about citizenship and sovereignty This book draws extensively on New Zealand s Treaty of Waitangi and measures to support Maori political participation to show what treaties and a Voice to Parliament could mean in practical terms It responds to liberal democratic objections to show how institutionalised means of indigenous participation may in fact make democracy work better **Citizenship Sovereignty** John Holmes Agnew, John S. 1815-1874 Wright, 2015-11-18 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Semblances of Sovereignty* T. Alexander Aleinikoff, 2002-05-30 In a set of cases decided at the end of the nineteenth century the Supreme Court declared that Congress had plenary power to regulate immigration Indian tribes and newly acquired territories Not coincidentally the groups subject to Congress plenary power were primarily nonwhite and generally perceived as uncivilized The Court left Congress free to craft policies of assimilation exclusion paternalism and domination Despite dramatic shifts in constitutional law in the twentieth century the plenary power case decisions remain largely the controlling law The Warren Court widely recognized for its dedication to individual rights focused on ensuring full and equal citizenship an agenda that utterly neglected immigrants tribes and residents of the territories The Rehnquist Court has appropriated the Warren Court s rhetoric of citizenship but has used it to strike down policies that support diversity and the sovereignty of Indian tribes

Attuned to the demands of a new century the author argues for abandonment of the plenary power cases and for more flexible conceptions of sovereignty and citizenship The federal government ought to negotiate compacts with Indian tribes and the territories that affirm more durable forms of self government Citizenship should be decentered understood as a commitment to an intergenerational national project not a basis for denying rights to immigrants *American Government and Citizenship* Charles Emanuel Martin, William Henry George, 1927 [Extra-Territorial Ethnic Politics, Discourses and Identities in Hungary](#) Szabolcs Pogonyi, 2017-07-19 This book explores the causes and consequences of the discursive and legal construction of the Hungarian transborder nation through the institutionalization of non resident citizenship and voting Through the in depth analysis of Hungarian transborder and diaspora politics this book investigates how the political engagement of non resident Hungarians impacts inter and intra state ethnic relations In addition the research also explores how institutional changes and shifting discursive strategies reify and redefine ethnic belonging narratives and the self perception of Hungarians living outside the country The research uses a multidisciplinary qualitative methodology which includes institutional historical rational choice and sociological analysis discourse analysis as well as interpretive methods Through the inventive application of multiple methodologies the book goes beyond the mostly institutional legal analysis dominant in the study of citizenship **Report of the ...
