Civilized Oppression:

Civilized Oppression Jean Harvey, 1999 Silenced discredited stripped of powers of moral appeal and deprived of the interpersonal conditions necessary for maintaining self respect many people suffer from serious but subtle forms of oppression involving neither physical violence nor the use of law In *Civilized Oppression* J Harvey forcefully argues for the crucial role of morally distorted relationships in such oppression While uncovering a set of underlying moral principles that account for the immorality of civilized oppression Harvey's analyses provide frameworks for identifying morally problematic situations and relationships criteria for evaluating them and guidelines for appropriate responses This book will be essential for both graduates and undergraduates in ethics social theory theory of justice and feminist and race studies **Civilized Oppression and Moral Relations** J. Harvey, 2015-04-08 This book discusses how civilized oppression the oppression that involves neither violence nor the law can be overcome by re-examining our participation in it Moral community solidarity and education are offered as vibrant strategies to overcome the hurt and marginalization that stem from civilized oppression

Not Giving Up on People Barrett Emerick, Audrey Yap, 2023-12-06 Feminist philosophers Barrett Emerick and Audrey Yap bring theoretical arguments about personhood and moral repair into conversation with the work of activists and the experiences of incarcerated people to make the case that prisons ought to be abolished They argue that contemporary carceral systems in the United States and Canada fail to treat people as genuine moral agents in ways that also fail victims and their larger communities Such carceral systems are a form of what Emerick and Yap call institutionalized moral abandonment Instead they argue that we should create communities of moral solidarity which open up space for wrongdoers to make up for their wrongs As part of this argument the book directly addresses one of the paradigm cases of wrongdoing often used to justify carceral systems rape Carceral systems that treat perpetrators of sexual violence as irredeemable monsters both obscure the reality of sexual violence and are harmful to everyone involved As an alternative to carceral systems Emerick and Yap argue for an orientation towards justice that is grounded in moral repair This incorporates elements of restorative justice mutual aid and harm reduction Instead of advocating for one specific and universal approach the authors argue for multigenerational collective action that aims to build resilient communities that support the wellbeing of everyone
