- **DR. ROWAN CLIVE (50s)** – neuroscientist who ran “The Whisper Project.”
- **JUNE (10)** – a child’s voice heard through the static; possibly real, possibly not.

ACT ONE — SETUP

Opening Image:

Night. Mira sits in her apartment surrounded by recording equipment. The city outside hums like an old tape. She records silence — but something answers back.

Generation Tarantino Andrew J. Rausch, 2025-07-10 In iconic films like Reservoir Dogs and Pulp Fiction Quentin Tarantino personified the spirit of 90s filmmaking boldly forging his own opportunities rather than waiting for the movie industry to come knocking on his door He and his fellow travelers directors like Richard Linklater Dazed and Confused John Singleton Boyz n the Hood Guillermo del Toro The Devil s Backbone David Fincher Seven Robert Rodriguez Desperado Kevin Smith Clerks Noah Baumbach Kicking and Screaming Wes Anderson Rushmore Paul Thomas Anderson Boogie Nights Christopher Nolan Following Darren Aronofsky Requiem for a Dream and Sofia Coppola The Virgin Suicides established their maverick style careers by breaking norms creating new standards and building on the techniques of the films that preceded them pushing the artistic boundaries of cinema to new heights Breaking free from the blockbuster bloat of the 1980s Generation Tarantino in some ways recalled the era of an earlier wave of pioneers of Scorsese Spielberg Coppola Altman and De Palma But they were uniquely of their time capturing the attitude of young adults in the 1990s breaking the rules setting new standards mixing tones and genres in a way that no one had before These were directors who wouldn't take no for an answer Generation Tarantino The Last Wave of Young Turks in Hollywood is an examination of the films careers and artistic styles of the most significant filmmakers to emerge during the 1990s With interviews from filmmakers screenwriters cameramen producers and actors this is a book about a generation of directors who raised the artistic bar and changed cinema forever

Animating Truth Nea Ehrlich, 2021-01-05 Confronting shifts in the status and aesthetics of the real Nea Ehrlich analyses how contemporary technoculture has transformed the relationship of animation to documentary by mapping out two parallel trends the increased use of animation within documentary or non fiction contexts and the increasingly pervasive use of non photorealistic animation within digital media As the virtual becomes another aspect of our contemporary mixed reality physical and virtual the book aims to understand how this visual paradigm shift influences viewers both ethically and politically and questions the wider ramifications of this transformation in non fiction aesthetics

The Nutshell Technique Jill Chamberlain, 2016-03-01 Veteran script consultant Jill Chamberlain discovered in her work that an astounding 99 percent of first time screenwriters don't know how to tell a story These writers may know how to format a script write snappy dialogue and set a scene They may have interesting characters and perhaps some clever plot devices But invariably while they may have the kernel of a good idea for a screenplay they fail to tell a story What the 99 percent do instead is present a situation In order to explain the difference Chamberlain created the Nutshell Technique a method whereby writers identify eight dynamic interconnected elements that are required to successfully tell a story Now for the first time Chamberlain presents her unique method in book form with *The Nutshell Technique Crack the Secret of Successful Screenwriting* Using easy to follow diagrams nutshells she thoroughly explains how the Nutshell Technique can make or break a film script Chamberlain takes readers step by step through thirty classic and contemporary movies showing how such dissimilar screenplays as *Casablanca Chinatown Pulp Fiction The Usual Suspects Little Miss Sunshine Juno Silver Linings Playbook and Argo* all have the same system working behind the scenes and she teaches readers exactly how to apply these principles to their own screenwriting Learn the Nutshell Technique and you'll discover how to turn a mere situation into a truly compelling screenplay story

How to Write a Screenplay in 10 Weeks Marilyn Horowitz, 2008 The Horowitz System shows how to turn an idea into the first draft of a screenplay in 10 weeks or less 80 percent of students who have used the method have completed original well structured scripts many of which have gone on to win screenplay competitions be optioned or get produced Used as a textbook at New York University for over 10 years *How to Write a Screenplay in 10 Weeks Using the Horowitz System* teaches screenwriters to better fulfill their creative vision by giving them a clear focused method The Horowitz System uses a series of intuitive visual exercises combined with a nonlinear approach to traditional three act structure the result is an organic finely tuned first draft with high stakes and memorable characters

Analysing the Screenplay Jill Nelmes, 2010-10-04 Most producers and directors acknowledge the crucial role of the screenplay yet the film script has received little academic attention until recently even though the screenplay has been in existence since the end of the 19th century *Analysing the Screenplay* highlights the screenplay as an important form in itself as opposed to merely being the first stage of the production process It explores a number of possible approaches to studying the screenplay considering the depth and breadth of the subject area including the history and early development of the screenplay in the United States France and Britain the process of screenplay writing and its peculiar relationship to film production the assumption that the screenplay is standardised in form and certain stories or styles are universal the range of writing outside the mainstream from independent film to story ideas in Bhutanese film production to animation possible critical approaches to analysing the screenplay *Analysing the Screenplay* is a comprehensive anthology

offering a global selection of contributions from internationally renowned specialist authors Together they provide readers with an insight into this fascinating yet complex written form This anthology will be of interest to undergraduate and postgraduate students on a range of Film Studies courses particularly those on scriptwriting *Crafting Short Screenplays That Connect* Claudia H. Johnson,2012-09-10 The only screenwriting book that includes a DVD that contains performances of the short films and screenplays that are featured in the book The beauty and power of any story lies in its ability to connect to the reader listener or observer *Crafting Short Screenplays That Connect* is the first screenwriting guide to introduce connection as an essential although essentially overlooked aspect of creating stories for the screen and of the screenwriting process itself Written with clarity and humor this book teaches the craft of writing short screenplays by guiding the student through carefully focused writing exercises of increasing length and complexity Eight award winning student screenplays are included for illustration and inspiration The text is divided into three parts Part one focuses on preparing to write by means of exercises designed to help students think more deeply about the screenwriter s purposes their own unique vision material and process and finally about what screenplays are at their simplest and most profound level a pattern of human change created from specific moments of change discoveries and decisions Part two teaches students how to craft an effective pattern of human change It guides them through the writing and re writing of *Five Not So Easy Pieces* five short screenplays of increasing length and complexity focusing on a specific principle of dramatic technique *The Discovery The Decision The Boxing Match The Improbable Connection and The Long Short Screenplay* Part Three presents the five screenplays used throughout the book to illustrate the dramatic principles that have been discussed and includes interviews with the screenwriters a look at where they are now and what they are doing and brief discussion of how each film evolved **The Cotton Club** William Kennedy,1988 *Peace Love Theatre Journal* Epic Love Books,2019-02 A cute theatre club notebook gift featuring a peace sign heart and theatrical masks for actors This *Peace Love Theatre Journal* contains 100 lined pages for your play notes or screenplay writing A beautiful performing arts present for a playwright or actress **From Fairy Tale to Film Screenplay** Terence Patrick Murphy,2015-09-15 In *Screenplay The Foundations of Screenwriting* 1979 Syd Field first popularized the Three Act Paradigm of Setup Confrontation and Resolution for conceptualizing and creating the Hollywood screenplay For Field the budding screenwriter needs a clear screenplay structure one which includes two well crafted plot points the first at the end of Act I the second at the end of Act II By focusing on the importance of the four essentials of beginning and end and the two pivotal plot points Field did the Hollywood film industry an enormous service Nonetheless although he handles the issue of overall structure expertly Field falls down when offering the screenwriter advice on how to successfully build each of the three individual Acts This is because Field did not recognize the importance of another layer of analysis that underpins the existence of plot points This is the level of the plot genotype This book will offer you a richer theory of plot structure than the one Field outlines It will do this not by contradicting anything Field has to say about the

Hollywood paradigm but by complementing it with a deeper level of analysis Plot genotypes are the compositional schemas of particular stories They are sets of instructions written in the language of the plot function for executing particular plots This book outlines the plot genotypes for The Frog Prince The Robber Bridegroom Puss in Boots and Little Red Riding Hood and then shows how these genotypes provide the underpinnings for the film screenplays of Pretty Woman Wrong Turn The Mask and Psycho By means of a detailed study of these four Hollywood screenplays you will be able to offer a much richer description of what is going on at any particular point in a screenplay In this way you will become much sharper at understanding how screenplays work And you will become much better at learning how to write coherent screenplays yourself
