People's Lawyers Diana Klebanon, Franklin L. Jonas, Diana Klebanow, 2020-07-24 Throughout America's history lawyers with a crusading zeal have through their moral stance intellectual integrity and sheer brilliance made use of the law to fight social injustice In short biographical chapters the authors tell the stories of ten of these lawyers Some are well known Thurgood Marshall William Kunstler Louis Brandeis Morris Dees Clarence Darrow and Ralph Nader Others are not so well known but deserve to be All are fascinating and influential attorneys and examination of their lives illuminates key issues in American history An annotated bibliography a chronology of the person's life and work and a helpful table detailing their most prominent cases accompany each chapter

**Takeover** Donald Critchlow, W.J. Rorabaugh, 2014-04-29 How did liberals get to be the way they are today That's the question many Americans are asking as they witness the efforts of the most left wing president in American history At last historians Donald T. Critchlow and W.J. Rorabaugh supply the answer As the authors show it is a mistake to see the Obama administration's agenda as a single man's vision Equally flawed they reveal is the now common argument that today's liberalism is simply a continuation of early twentieth century progressivism Today's Left has embraced a more radical vision for transformative change to remake all aspects of American life Takeover delineates the sharp break in the history of modern liberalism that began in the 1960s Critchlow and Rorabaugh show how leftists in pursuit of social justice went from protest rallies to the halls of power by rewriting the Democratic Party's presidential nominating rules for their own benefit and using the courts to advance their radical agenda The authors masterfully connect the dots in America's recent history showing the close links among such seemingly unrelated causes as radical environmentalism nationalized health care class warfare abortion rights feminism regulating the free market assisted suicide sex education and energy policies to reduce consumption Takeover is a bold revisionist history that completely reshapes our understanding of the current political crisis

*Disenchanting Citizenship* Luis F. B. Plascencia, 2012-07-04 Central to contemporary debates in the United States on migration and migrant policy is the idea of citizenship and as apparent in the continued debate over Arizona's immigration law SB 1070 this issue remains a focal point of contention with a key concern being whether there should be a path to citizenship for undocumented migrants In *Disenchanting Citizenship* Luis F. B. Plascencia examines two interrelated issues U.S. citizenship and the Mexican migrants position in the United States The book explores the meaning of U.S. citizenship through the experience of a unique group of Mexican migrants who were granted Temporary Status under the legalization provisions of the 1986 IRCA attained Lawful Permanent Residency and later became U.S. citizens Plascencia integrates an extensive and multifaceted collection of interviews ethnographic fieldwork ethno historical research and public policy analysis in examining efforts that promote the acquisition of citizenship the teaching of citizenship classes and naturalization ceremonies Ultimately he unearths citizenship's root as a Janus faced construct that encompasses a simultaneous process of inclusion and exclusion This notion of citizenship is mapped on to the migrant

experience arguing that the acquisition of citizenship can lead to disenchantment with the very status desired In the end Plascencia expands our understanding of the dynamics of U S citizenship as a form of membership and belonging
