The Story of Christianity David Bentley Hart,2013-06-06 In *The Story of Christianity* acclaimed theologian David Bentley Hart provides a sweeping and informative portrait of a faith that has shaped the western world and beyond for over 2 000 years From the persecutions of the early church to the papal imperial conflicts of the Middle Ages from the religious wars of 16th and 17th century Europe to the challenges of science and secularism in the modern era and from the ancient Christian communities of Africa and Asia to the house churches of contemporary China *The Story of Christianity* triumphantly captures the complexity and diversity of Christian history

Where has the Body been for 2000 Years? David Pawson,2013-02-13 This is an intensely readable look at the the Christian Church down the ages providing powerful messages for our own times Many church members know little or nothing about the story of Christianity between the New Testament period and today They therefore may not realise how much they have been influenced by traditions developed during that time These can have both a negative and positive benefit Negative because those who forget history are condemned to relive it Most of the mistakes we make and errors we fall into have happened before and we can learn from our forefathers to avoid them Positive because we have such a rich heritage it would be folly to ignore We can draw inspiration and examples from the spiritual giants who went before us and after all we can look forward to meeting them personally in glory

2000 Years Of Charismatic Christianity Eddie L Hyatt,2015-09-04 Overwhelming evidence reveals contemporary Christianity roots in Pentecost The world is taking notice and realizing that the fastest growing segment in Christianity has an undeniable history with a pattern and a rich deep foundation dating back to the New Testament Explore overwhelming evidence that reveals how the gifts of the Holy Spirit not only have existed in the centuries since the early apostles but have also survived the Middle Ages the politicized church of Europe and have experienced a spectacular revival this century Learn invaluable lessons from the experiences of courageous men and women who sought God and saw His power in their generation The reader of this volume will gain a greater appreciation for the work of the Holy Spirit in history and will experience a sharpened sense to discern what God is doing in the church today

2000 Years of Charismatic Christianity offers convincing evidence that the modern Pentecostal and Charismatic movements are rooted in the two thousand year history of the church Those who identify with these movements will be affirmed in the experience of the Holy Spirit and will gain a new respect and appreciation for the movement of which they are a part Those outside the Pentecostal and Charismatic movements will also benefit by reading this volume in that they will gain an understanding of this movement that Harvard professor Dr Harvey Cox says is reshaping religion in the 21st century
