Gilmour,2024-09-24 The Bible and theology are contested spaces battlegrounds where participants guard entrenched beliefs against perceived threats But literature observes novelist Salman Rushdie opens the universe It expands what we perceive and understand and ultimately what we are Writers make our world feel larger and more inclusive When other forces push in the direction of narrowness bigotry tribalism cultism and war fiction encourages understanding sympathy and identification with others Reading the Margins invites readers to immerse themselves in imaginary worlds and to pursue visions of justice and compassion Whether stories about poverty empire war or the environment the writers considered raise moral questions and often in the process even unwittingly deepen our understanding of biblical calls for kindness and mercy Reading the Margins offers a kind of commentary on biblical ethics Using Matthew s Beatitudes and sheep and goats parable as an organizing principle Gilmour argues there is much to learn about Jesus s peacemakers and call to feed the hungry from aspirational fiction and poetry 50 Women Every Christian Should Know Michelle DeRusha,2014-09-09 Throughout history countless women have boldly stepped out in faith and courage leaving their indelible mark on those around them and on the kingdom of God In lively prose Michelle

DeRusha tells their stories bringing into focus fifty incredible heroines of the faith From Catherine of Siena Teresa of Avila and Anne Hutchison to Susanna Wesley Harriet Tubman and Corrie ten Boom women both famous and admirable live again under DeRusha s expert pen These engaging narratives are a potent reminder to readers that we are not alone the battles we face today are not new and God is always with us in the midst of the struggle Wingless Chickens, Bayou Catholics, and Pilgrim Wayfarers L. Lamar Nisly,2011 Flannery O Connor Tim Gautreaux and Walker Percy are all Catholic writers from the South and seem to embody very fully both parts of that label Yet as quickly becomes clear in their writing their fiction employs markedly different tones and modes of addressing their audience O Connor seems intent on shocking her reader whom she anticipates will be hostile to her deepest beliefs Gautreaux gently and humorously engages his reader inviting his expected sympathetic audience to embrace the characters needed moral growth Percy satirically lampoons an array of social ills and failings in the Church as he tries to get his audience laughing with him while he makes his deadly serious point about the flaws he finds in the church and larger culture Why do these three writers assume such divergent images of their audience Why do texts by three writers who each embrace their Southern locale and their Catholic beliefs seem to have so little in common To answer these questions Nisly helps readers understand these authors fiction by examining the role that place and time had in shaping each author s idea of an audience and by extension his or her manner of addressing that audience More specifically Nisly focuses on each author s experience of Catholic community and each author s placement in relation to the Second Vatican Council Linking together biographical information and a reading of their fiction Nisly argues that O Connor s Gautreaux s and Percy s sense of audience has been shaped in significant ways by each author s own local experience of Catholicism in his or her home region as well as the larger global changes of Vatican II that transformed Roman Catholicism *Literature and Sickness* David Bevan,1993 No detailed description available for Literature and Sickness **Literature, Arts, and Religion** Harry Raphael Garvin,1981 A collection of essays that discuss a wide range of art and literary forms their religious content and the fundamental concerns that relate the two Illustrated **Revelation and Convergence** Mark Bosco,Brent Little,2017 Revelation Convergence brings together professors of literature theology and history to help both critics and readers better understand Flannery O Connor s religious imagination *Style* Taylor Black,2023-10-17 Assembles texts performances and personae from American culture to assert the elemental nature of style While style is equated with fashion or convention in common parlance *Style A Queer Cosmology* defines the term as a mode of expression that makes us more like ourselves and less like everyone else Taylor Black s interdisciplinary conceptual analysis assembles texts performances and personae from American culture that engage in ethical creative and performative modes of what he terms abundant revelation Moving back and forth through time this book sketches American cosmologies cultivated by iconic and subterranean American artists like Edgar Allan Poe Flannery O Connor Nikki Giovanni and Bob Dylan Presiding throughout is the book s conceptual guide latter day American and notorious homosexual Quentin Crisp
