33 Strategies Of War:

The 33 Strategies of War Robert Greene, 2007-12-14 Brilliant distillations of the strategies of war and the subtle social game of everyday life by the bestselling author of *The 48 Laws of Power* and *The Laws of Human Nature* Robert Greene's groundbreaking guides *The 48 Laws of Power*, *The Art of Seduction*, and *Mastery* espouse profound timeless lessons from the events of history to help readers vanquish an enemy, ensnare an unsuspecting victim, or become the greatest in your field. In *The 33 Strategies of War*, Greene has crafted an important addition to this ruthless and unique series. Spanning world civilizations, synthesizing dozens of political, philosophical, and religious texts, and thousands of years of violent conflict, *The 33 Strategies of War* is the I Ching of conflict, the contemporary companion to Sun Tzu's *The Art of War*. Abundantly illustrated with examples from history, including the folly and genius of everyone from Napoleon to Margaret Thatcher, Shaka the Zulu to Lord Nelson, Hannibal to Ulysses S. Grant, as well as movie moguls, samurai swordsmen, and diplomats, each of the thirty-three chapters outlines a strategy that will help you win life's wars. Learn the offensive strategies that require you to maintain the initiative and negotiate from a position of strength, or the defensive strategies designed to help you respond to dangerous situations and avoid unwinnable wars. The great warriors of battlefields and drawing rooms alike demonstrate prudence, agility, balance, and calm, and a keen understanding that the rational, resourceful, and intuitive always defeat the panicked, the uncreative, and the stupid. An indispensable book, *The 33 Strategies of War* provides all the psychological ammunition you need to overcome patterns of failure and forever gain the upper hand.

Millionaire Mindset Publishing, 2017-12-13 Disclaimer: This is a summary and not the original book. You can find the original here: <http://amzn.to/2xCU9pe>. The #1 Bestselling Summary of *The 33 Strategies of War* by Robert Greene. Learn how to apply the main ideas and principles from the original book in a quick, easy read. We live in a culture that highlights the importance of democratic values of fitting into a group, of knowing how to cooperate with other people. We are constantly trained and prepared for peace, but we're not at all prepared for the perpetual war that we must fight in the real world. This war occurs not only on the military battlefield but on multiple levels of society. In business, politics, sports, even the arts, we find ourselves facing ruthless opponents that are willing to do anything to gain an edge. More troubling, however, are the battles we face with those who claim to be on our side, those who seem to play the team game, who act friendly and agreeable, only to sabotage us behind the scenes to use the group to secure their own selfish interests. On the surface, everything seems peaceful and harmonious, but just below it, it is often every man and woman for themselves. Our culture may deny this reality, but we all know it and feel it in our daily lives. As equally important as *The 48 Laws of Power* and *The Art of Seduction*, *The 33 Strategies of War* by Robert Greene is a comprehensive guide to human interaction, which reveals how the most ingenious and effective principles of warfare can be applied to the battles and conflicts of everyday life. Each chapter is a strategy aimed at solving a particular problem that you will often encounter in your daily struggles. The strategies range from the

basic strategies of classical warfare to the dirty and unconventional strategies of modern times and can be applied to struggles of any kind organized warfare business campaigns the politics of a group or personal relationships This summary highlights the key ideas and captures the most important lessons found in the original book If you've already read the original this summary will serve as a reminder of main ideas and key concepts If you haven't don't worry here you will find every bit of practical information that you can apply However we do encourage you to purchase the original as well for a more comprehensive understanding of the subject Note This summary is written and published by Millionaire Mindset Publishing It is not the original book and it's not affiliated with the original author in any way You can find the original book by accessing this link <http://amzn.to/2xCU9pe>
