Showalter,1998-02-01 The candid moving count of how God led Carol Showalter to an understanding of why she ate as she did and how he gave her concrete positive steps to alter behavior patterns of a lifetime      **Devotional Fitness** Martin Radermacher,2017-01-05 This book examines evangelical dieting and fitness programs and provides a systematic approach of this diverse field with its wide variety of programs When evangelical Christians engage in fitness and dieting classes in order to glorify God they often face skepticism This book approaches devotional fitness culture in North America from a religious studies perspective outlining the basic structures ideas and practices of the field Starting with the historical backgrounds of this current the book approaches both practice and ideology highlighting how devotional fitness programs construe their identity in the face of various competing offers in religious and non religious sectors of society The book suggests a nuanced and complex understanding of the relationship between sports and religion beyond simple functional equivalency It provides insights into the formation of secular and religious body ideals and the way these body ideals are sacralized in the frame of an evangelical worldview      The Three D Book Carol Showalter,1991-09 This is the twenty fifth anniversary edition of 3D Diet Discipline and Discipleship one woman s story of her struggle with weight and self discipline and of her founding of a very successful Christ centered diet program based on new spiritual habit patterns      **3D** Carol Showalter,2002 A completely revised updated thirtieth anniversary edition of the best selling story of America s first faith based diet program which has reached more than 500 000 people Includes member testimonials recipes and the complete 3D food and exercise program      Controversies in Body Theology Marcella Althaus-Reid,Lisa Isherwood,2008 Examines some of the most extreme approaches to the body that our society engages with This book embraces the difficult and challenging areas of the body and society as an embodied resource for the ever expanding task of considering the nature of incarnation through the lens of body theology      **3D Individual Members Kit** Carol Showalter,Inc. Creative Joys,1998-04-01 Diet Discipline and Discipleship is a Christ centered sharing program encompassing diet personal disciplines and the meaning of being a disciple of Christ Included in the members kit are the book 3D the Member s Manual a journal My Thoughts Along the Way and the daily devotional workbook for the first two twelve week series      **Seeking the Straight and Narrow** Lynne Gerber,2012-08-01 Losing weight and changing your sexual orientation are both notoriously difficult to do successfully Yet many faithful evangelical Christians believe that thinness and heterosexuality are godly ideals and that God will provide reliable paths toward them for those who fall short Seeking the Straight and Narrow is a fascinating account of the world of

evangelical efforts to alter our strongest bodily desires Drawing on fieldwork at First Place a popular Christian weight loss program and Exodus International a network of ex gay ministries Lynne Gerber explores why some Christians feel that being fat or gay offends God what exactly they do to lose weight or go straight and how they make sense of the program s results or frequently their lack Gerber notes the differences and striking parallels between the two programs and more broadly she traces the ways that other social institutions have attempted to contain the excesses associated with fatness and homosexuality Challenging narratives that place evangelicals in constant opposition to dominant American values Gerber shows that these programs reflect the often overlooked connection between American cultural obsessions and Christian ones

Your Whole Life Carol Showalter, Maggie Davis, 2010-09-01 The key to change is not thinking thin but thinking whole Your Whole Life will help you find the freedom that only comes by accepting yourself and discovering the unchanging love of God This 12 week Journey to Wholeness includes Strategies to help you eat right for your whole life 12 weeks of inspirational motivational devotions The most up to date nutritional advice from one of our national experts Weekly goals tips for living well and for sharing with others New ways to express love with food Special tips for men children and families *The Charismatic Movement* Charles Edwin Jones, 1995 **The Fat Jesus** Lisa Isherwood, 2008 We are living in a food and body image obsessed culture We are encouraged to over consume by the marketing and media that surround us and then berated by those same forces for doing so At the same time we are bombarded with images of unnaturally thin celebrities who go to enormous lengths to retain an unrealistic body image either by extremes of dieting or through plastic surgery or both The spiritual realm is not immune from these pressures as can be seen in the flourishing of biblically and faith based weight loss programs that encourage women to lose weight physically and gain spiritually Isherwood examines this environment in light of Christian tradition which has often had a difficult relationship with sexuality and embodiment and which has promoted ideals of restraint and asceticism She argues that part of the reason for our current obsession and bizarre treatment of issues around weight size and looks is that secular society has unknowingly absorbed many of its negative attitudes towards the body from its Christian heritage Isherwood argues powerfully that there are resources within Christianity that can free us from this thinking and lead us towards a more holistic incarnational view of what it is to be human The Fat Jesus provides a fascinating study of the complex ways that food women and religion interconnect and proposes a theology of embrace and expansion emphasizing the fullness of our incarnation **History of the First Baptist Church of Clovis, New Mexico, 1907-1982** , 1982 **How to Build a Small-Groups Ministry** Neal F. McBride, 1994-11 Written by a small groups expert this book is designed to help anyone build a small groups ministry from scratch or completely revamp an existing small groups ministry It includes 12 logical steps for organizing and administrating a successful small group ministry a case study featuring a local church in the midst of establishing a small group ministry and pages of worksheets for developing small group plans *The Forbidden Body* Shelley Bovey, 1994 The author herself a size 24 exposes discrimination in all its forms

and reveals that this is far more threatening to a woman's physical and mental health than the health risks associated with being fat. She puts tough questions to Harley Street surgeons, dieticians, and others with a vested interest in women wanting to be thinner, and talks to doctors who confess that prejudice, not science, makes them condemn fat women as unhealthy.

**Loved on a Grander Scale** Neva Coyle, 1998. *Loved on a Grander Scale* helps women reclaim lives damaged by weight discrimination and move beyond obsession with calories and pounds. This powerful personal book helps women find the courage to accept themselves just as they are.

**The Ladies' Home Journal**, 2007. *Encyclopedia of Diet Fads* Marjolijn Bijlefeld, Sharon K. Zoumbaris, 2003. Contains alphabetically arranged entries that describe various weight loss means and methods, including specific diets, support groups, or services, and people who have influenced the way Americans eat. It includes an introductory essay that traces the history of weight loss plans.
