Heart did not understand How could he say she was dirty She was wearing her best dress the one with the pretty little blue flowers all over it And she had carefully dusted off her new black sneakers Heart hung her head her eyes sweeping down over herself She was hurt mystified and then horrified Where the light from Word struck her clothes it showed how dirty they really were and even had holes When his light touched her fruit it appeared brown and spoiled emitting an unpleasant smell Word slowly closed the heavy gate Wiping the tears from her eyes and biting her lip to keep it from trembling Heart turned and walked over to a nearby tree She could hold back no longer Dumping her spoiled worthless fruit on the ground she burst out sobbing What could have gone wrong She had tried so hard Never had she expected to fail so miserably **G. The Young Alaskans on the Missouri Other Novels The Girl at the Halfway House The Mississippi Bubble The Law of the Land Heart s Desire The Way of a Man 54 40 or Fight The Purchase Price The Lady and the Pirate The Man Next Door The Magnificent Adventure The Broken Gate The Way Out The Sagebrusher The Covered Wagon Emerson Hough 1857 1923 was an American author best known for writing western stories adventure tales and historical novels His best known works include western novels The Mississippi Bubble and The Covered Wagon The Young Alaskans series of adventure novels and historical works The Way to the West and The Story of the Cowboy True Stories of the Great War: Tales of Adventure, Heroic Deeds, Exploits Told by the Soldiers, Officers, Nurses, Diplomats, Eye Witnesses (Complete) Various Authors,2020-09-28 Thirty million soldiers each living a great human story this is the real drama of the Great War as it is being written into the hearts and memories of the men at the front If these soldiers could be gathered around one camp fire and each soldier could relate the most thrilling moment of his experience what stories we would hear Don Quixote the Arabian Nights Dante s Inferno Milton s Paradise Lost and Regained all the legends and tales of the world s literature out told by the soldiers themselves It is from the lips of these soldiers and those who have passed through the tragedy of the war the women and children whose eyes have beheld the inferno and whose souls have been uplifted by suffering and self sacrifice the generations will hear the epic of the days when millions of men gave their lives to make the world safe for Democracy The magnitude of this gigantic struggle against autocracy is such that human imagination cannot visualize it it requires one to stand face to face with death itself A member of the British War Staff estimates that more than a million letters a day are passing from the trenches and bases of the various armies to the folk back home Another observer at the General Headquarters of one of the armies estimates that more than a million and a half diaries are being kept by the soldiers It is in these words inscribed by bleeding bodies and suffering hearts that posterity is to hear True Stories of the Great War It is the purpose of these volumes therefore to begin the preservation of these soldiers stories This is the first collection that has been made it is in itself an historic event The manner in which this service has been performed may be of interest to the reader It was my privilege to appoint a committee or board of editors to collect stories from soldiers in the various armies personal letters records of personal experiences reminiscences and all other available material An exhaustive investigation has been made into the files of European and American periodicals to find the various narratives that have crept into print More than eight thousand stories were considered The vast amount of human material would require innumerable volumes to preserve it It was the judgment of the committee that this documentary evidence could be brought into practical limitations by selecting a sufficient number of narratives to cover every human phase of the Great War and preserve them in six volumes This first collection of True Stories forms what might be termed a story history of the Great War although all chronological plan is purposely avoided in order to preserve the story teller s reality rather than the historian s record These volumes are in the nature of a Round Table in which soldiers refugees nurses eye witnesses all

gather about the pages and relate the most thrilling episodes of their war experiences We hear the tales of the soldiers who invaded Belgium through the campaigns and battles on all the fronts to the landing of the American troops in France Diplomats tell of the scenes at the outbreak of the war despatch bearers relate their missions of danger from Paris to Berlin London Vienna Petrograd refugees describe the flight of the Belgians the exodus of the Serbians the invasion of Poland Emissaries at General Headquarters tell of their dinners with the Kaiser and the Crown Prince with Hindenburg and Zimmerman and describe the scenes inside the German empire Soldiers from the Marne the Aisne Verdun relate their experiences We listen to passengers tossed into the sea from the Lusitania revolutionists who overthrew the Czar in Russia exiles returning from Siberia We hear the tales of the fighters from South Africa Egypt Turkey stories from the Far East along the seas of China The lieutenant of the Emden relates his adventures There are stories told by Kitchener's mob the fighting Irish Scottish Highlanders the Canadians the Australians the Hindus The French hussars and poilus tell of their experiences the Italians in the Alps the Austrians in the Carpathians the stories cover the whole world and every race and nation These personal narratives reveal the psychology of war in all its horrible reality modern warfare on its gigantic scale the genius of invention and organization applied to destruction They reveal moreover the psychology of human nature and human emotions in all their moods and passions The first impression is of the physical horror of the war but this is soon overcome by the higher spirituality that impels men to sacrifice their lives for civilization and humanity The stories sink at times into grossest brutality only to rise to the heights of nobility on the part of the sufferers Officers tell of the charges of their battalions the men in the trenches tell of the nights of terror spies tell of their secret missions nurses deliver the death messages of the dying priests tell how they carry the Cross of Christ to the bloody fields the prisoners tell the inside story of the prisons aviators relate their death duels in the air submarine officers tell how they torpedo and capture the enemies ships There is testimony from the lips of women who were ravaged children who were brutally mutilated witnesses who saw soldiers crucified soldiers lashed to their guns babies torn from their mothers arms homes in flames and ruins cathedrals desecrated And yet there is an undercurrent of humanity in these human documents In their physical aspect they are almost beyond human belief but there is a certain spiritual force running through them There is a nobility in them that rises above all the physical anguish These stories and this war reveal the souls of men as has nothing before in modern times The war has taught men how to die These men have lost all fear of death They have traveled the road of the crucifixion and stood before Calvary they have caught a glimpse of something finer nobler truer than their own individual existence Through suffering and self sacrifice they have risen to the noblest heights They have found something that we who have not faced death in the trenches may never find they have felt an exaltation in mind and body that we may never know There is the fire of the Old Crusaders about them they have caught the realization of the glory of humanity as they march into the face of death It is interesting to observe that wherever the story teller is fighting for a principle he sees no horror in war or death It

is only where he thinks of his individual suffering where his thoughts are of his own physical self that he complains And there is even humor in these stories we see men laughing at death we see the wounded smiling and telling humorous tales of their suffering there is irony cajolery good natured satire and loud outbursts of laughter And there is tenderness in them kindness gentleness devotion affection and love We find in them every human passion and every divine emotion They form a new insight into character and manhood they inspire us with a new and deeper faith in humanity The committee in making these selections found that many of the human documents of the Great War are being preserved by the British French and German publishing houses but it is the American publishers who are performing the greatest service in the preservation of war literature We have given consideration wherever possible to the notable work that is being done by our American colleagues While we have selected from all sources what we consider to be the best stories of the war giving full recognition in every instance to the original sources it is a pleasure to state that our American periodicals have been given the preference They cordially co operated with us in this undertaking and we trust the public will show their due appreciation We would especially call attention to the list of books and publishers recorded in the contents pages of the several volumes also to the periodicals which are preserving many of the human stories of the war These will form the basis for much of the literature of the future As editor in chief of these volumes I desire further to give full recognition to my associates Mr M M Lourens of the University of Leyden Mr Egbert Gilliss Handy founder of The Search Light Library Mr Walter R Bickford former managing editor of The Journal of American History and the staff of investigators at The Search Light Library who made the extensive researches and comprehensive bibliographies covering the whole range of literature on The Great War required as a basis for the production of these books
