Hidden New York Marci Reaven, Steve Zeitlin, 2006-10-05 Despite its innumerable tourist attractions New York City still has many secrets hidden in the most unlikely places There is the Edison Hotel in Times Square where magicians gather round the Magic Table to socialize and compete There is Hua Mei Garden in the Lower East Side where elderly Chinese men meet to display exotic birds And there is Sahadi's in Brooklyn where the culinary arts thrive and New Yorkers go for just the right ingredients for a Middle Eastern meal This book details thirty two unusual locations such as these and enhances them by including a cluster of additional related spots Hidden New York shows you why these places matter and guides you through the historical and cultural significance of each one Many of them matter because of the opportunities they provide for socializing such as the Empire Roller Disco in Brooklyn that attracts a community of skaters and the Cube sculpture on Astor Place which is a meeting spot for homeless youth Others matter because they are focal points for communities and the spaces are intertwined with how people share in each others lives Still others have been lost like the house under the roller coaster in Coney Island made famous by Woody Allen in *Annie Hall* This book is not just about Manhattan but covers all five boroughs in New York City It is an invitation to visit revisit learn and enjoy all that you didn't know the city has to offer It will show you what's there what used to be there and why it will be there for years to come The chapters illustrated with appealing black and white photos include first person remembrances and commentaries from New Yorkers themselves Each
