Atharva-Veda Samhita, Vol. 2 of 2 William Dwight Whitney, 2017-11-21 Excerpt from Atharva Veda Samhita Vol 2 of 2 Translated With a Critical and Exegetical Commentary Books VIII to XIX Indexes Pages 471 1046 Next I desire to express my hearty thanks to my former pupil Dr Arthur W Ryder now Instructor in Sanskrit at Harvard University for his help in the task of verifying references and statements and of reading proofs He came to assist me not long after the close of his studies with Professor Geldner when I had got through with a little more than one third of the main body of Whitney s commentary and translation For books i vii I had revised the manuscript and sent it to press leaving the verification to be done with the proof reading and from the proof sheets Dr Ryder s help began with the verification and proof reading of the latter half of book vi but from the beginning of book viii it seemed better that he should forge ahead and do the verification from the manuscript itself and leave me to follow with the revision and the supplying of the missing portions and so on His work proved to be so thoroughly conscientious and accurate that I was glad to trust him except of course in cases where a suspicion of error was aroused in one or both of us A few times he has offered a suggestion of his own that given at p 739 is so keen and convincing that greater boldness on his part would not have been unwelcome To my thanks I join the hope that health and other opportunities may long be his for achieving the results of which his literary sense and scholarly ideals give promise About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Life and Works of Prof. R.L. Kashyap Prakasha Shanbog, 2022-10-16 An adage from the ageless store of Indian wisdom tells us that in life we finish our apprenticeship at 50 years and then become adults We only take up our life s work and real mission when we attain 80 And we leave the earth finally with the rounded and satisfied fullness of 100 years reveling in the rapture as Sri Aurobindo would translate a Vedic phrase Always early adept and never unpunctual our dear RLK took up the real charge of his life s work decades before reaching his eightieth birthday Thriving treasures now invite us to celebrate the rare richness he manifests upon earth
