Atlantis And The Flood:

Apocalypse: How Noah's Flood Destroyed Atlantis Dr. Sean Welsh, 2020-07-15 Plato's Atlantis is a subject that has beguiled scholars and laymen alike for thousands of years. The mysterious island kingdom of Atlantis was unknown to science until its discovery in the early twentieth century. But the discovery was not recognized for what it was. There is still great controversy over whether Atlantis was a mythical place or whether it is rooted in historical fact. Many questions remain unanswered. Where was the kingdom of Atlantis located? Under what circumstances was it destroyed? Could God have instructed Noah to build his ark in preparation for the same cataclysmic flood that destroyed Atlantis? This book will attempt to answer the most salient questions concerning the history of Atlantis and tell the epic story of the island empire's final destruction by the Great Deluge.

The Flood from Heaven Eberhard Zangger, 1992 The author is a geoarchaeologist who has spent many years on fieldwork in the Mediterranean. He has revealed Atlantis and its location. *The Three Ages of Atlantis* Diego Marin, Ivan Minella, Erik Schievenin, 2013-11-28 Scientific and anthropological evidence for multiple Atlantean empires and the global catastrophes that destroyed them. Reveals that there was not one but three Atlantises: the first in Antarctica, the second in South America, and the third in the Mediterranean. Examines geological evidence of super floods 15 000, 11 600, and 8 700 years ago. Shows how these flood dates directly parallel the freezing of Antarctica, the migrations of Cro-Magnon men, and the destruction of Atlantis according to Plato 15 000 years ago. The Earth's axis tilted, shifting the geographic poles. Volcanoes erupted, the icecaps melted, and the seas rose dramatically. Antarctica was enveloped in ice, destroying the high civilization of prehistory Atlantis. But before the survivors could reestablish what they had lost, catastrophe struck again, twice. Uniting scientific findings with theories on the location of Atlantis, the authors reveal that there was not one but three Atlantises: the first in Antarctica, the second in South America, and the third in the Mediterranean. Examining paleoclimatology data, they show that Antarctica was temperate 15 000 years ago and home to the original Atlantis. They explore geological evidence of three worldwide super floods 15 000, 11 600, and 8 700 years ago and show how these dates directly parallel the freezing of Antarctica, the arrival of Cro-Magnon man in Europe, and the destruction of Atlantis according to Plato. Uncovering the influence of the Atlanteans in Proto-Indo-European languages and in massive ancient monuments aligned with the stars, they show how the civilization founders in all early myths—the Pelasgians, Danaans, Viracocha, Aryans, and others—were part of the Atlantean diaspora and how this migration split into two major movements: one to Latin America and the other to Europe and Asia. Following the Atlanteans from a warm Antarctica up to Peru, Mexico, and the Mediterranean, they reveal that Cro-Magnon men are the people of Atlantis and that we are just now returning to their advanced levels of science, technology, and spirituality.

Pilote,2019-07-16 There are hundreds of ancient flood legends around the world that tell of vast inundations in ancient times caused by catastrophic events It's often assumed that these legends refer to the flood of Noah and his ark Although many do mirror this biblical story some people say these legends simply refer to local floods that only affected the world of the locals not the whole globe There are three types of flood legends global local and a confusion of global mixed with local floods We sorted these legends into categories presented the evidences and exhibited the causes of each type From this discussion emerges a frightful picture of the ancient world where civilizations were affected time and time again by vastly destructive cataclysmic events The world changed mountains rose continents shifted cities and islands sunk species were obliterated and whole populations were wiped off the face of the earth Legends regularly validate others as true histories If the floods they spoke of were not global their effect was This roller coaster ride of evidence will challenge the worldview of ancient and geologic history that have been taught to us Legends of the floods often mentioned God or the gods which were considered to be either responsible for the floods or saved people from them The age when the gods ruled is associated with advanced technology and flood legends Atlantis is considered central in flood legends and many researchers have incorrectly linked its destruction with all flood legends The gods too are related to Atlantis and are frequently tied with floods which necessitated a section devoted to the age of the gods wherein we discover their origins and who they are [Atlantis Rising Magazine Issue 131 - SECRETS OF TIWANAKU](#) atlantisrising.com, In This 88 page edition ANCIENT MYSTERIES SECRETS OF TIWANAKU Lost Artifacts and Hidden Rooms BY HUGH NEWMAN MORE SECRETS OF TIWANAKU Prediluvian Tunnels and the Atlantis Connection BY ADRIANO FORGIONE LOST ORIGINS THE LAST OF THE DENISOVANS Did Their Story End With the Ice Age BY ANDREW COLLINS LOST HISTORY THE MEN THE WOMAN WHO PUT SHAKESPEARE TOGETHER The Authorship Controversy Has Not Gone Away BY STEVEN SORA THE UNEXPLAINED PHOTOGRAPHING THE INVISIBLE Certainly There Has Been Deception but Maybe There's More to the Story BY MICHAEL TYMN TECHNOLOGIES OF THE GODS WHERE ARE THE LOST MACHINES We Have Seen the Results but What Happened to the Construction Equipment
