Crisis And Legitimacy:

Crisis and Legitimacy James O. Freedman, 1978-11-30 One of the most striking developments in American history has been the steady growth in the administrative process to the point that the regulatory agencies of the federal government now affect the lives of more citizens more pervasively than the courts and possibly the Congress In virtually every relevant respect the administrative process has become a fourth branch of government comparable in the scope of its authority and the impact of its decision making to the three more familiar constitutional branches This book identifies and examines the causes of the enduring sense of crisis associated with the administrative process This book argues a theory of legitimacy for the administrative process must be created The author seeks to develop such a theory from the quality of administrative justice taking as a premise the conviction that the capacity of government to devise fair procedures for the discharge of its decision making responsibilities is the essence of democratic practice

The Routledge Handbook on Crisis, Polycrisis, and Public Administration Kim Moloney, Gloria J. Billingsley, Bok Gyo Jeong, Pablo Sanabria-Pulido, Tonya E. Thornton, Eric Zeemering, 2025-03-18 This volume considers how local national and global crises with differing durations sizes and impacts challenge the public sector to respond Within the public administration and policy disciplines there has been limited recognition about the nature of linkages among and the response options for crises and polycrises when more than one crisis emergency disaster or catastrophe whether human caused or natural simultaneously impacts citizens in one geographical location This handbook gathers experts from different fields to explore how each crisis challenges human capacity information technology and communication capabilities and how public leaders must respond These expert contributions are grouped within five thematic sections Structures in Crisis A North South Dialogue to engage national and global perspectives on how political social and economic structures respond during crises Agents in Crisis A Cross Actor Dialogue on how agents respond to crises Human Capital and Information Technology in Crisis exploring how these resources interact during crises Public Sector Communication in Crisis examining issues of government and governance in effective crisis communication Practitioners in Crisis a reminder to the discipline that important context and realities are missed if practitioner realities are overlooked Chapters in the book engage 23 countries and one overseas dependency along with 14 crisis events Eighteen chapters are focused on one crisis event while ten chapters directly or indirectly engage polycrises As crises and polycrises become a constancy of our time this volume will be of great interest to students researchers and practitioners of public administration and public policy

Political Thought and China's Transformation H. Li, 2015-04-07 Since the late 1970s China has undergone a great transformation during which time the country has witnessed an outpouring of competing schools of thought This book analyzes the major schools of political thought redefining China's transformation and the role Chinese thinkers are playing in the post Mao era

Europe's Transformations Helen Wallace, Nikos Koutsiaras, George Pagoulatos, 2021 Europe's Transformations brings together a group of distinguished academics and practitioners to reflect on

the current state of the EU and the many challenges that it faces The contributions are prompted by the seminal work of Loukas Tsoukalis and his relentless provocations about the capabilities of the European process to meet these challenges

The Middle East and North Africa Reeva S. Simon,1990 A collection of articles by contemporary scholars honoring Middle East scholar J C Hurewitz Includes the struggle for Palestine continued Middle East politics comparative dimensions and the Middle East and North Africa in international politics The Penal System Michael Cavadino,James Dignan,2002-03-29 Praise for the First Edition The authors appear to do an excellent job of describing the criminal justice system of England and how the penal system fits into and is affected by it Journal of Contemporary Criminal Justice The Third Edition of this highly successful textbook provides an accessible introduction to the penal system of England and Wales Now fully revised and updated it includes an examination of the direction of penal policy under New Labour *The Bank Culture Debate* Huw Macartney,2019-09-12 The period since the Global Financial Crisis and numerous scandals have exposed some areas of serious illegal and unethical conduct within western banking systems Despite extensive reforms it is increasingly apparent however that there is a persistent problem with the culture of banking in Anglo America US and UK state managers made substantial efforts to reform the culture of their banking sectors However this book argues that they focused on an extremely narrow definition of bank culture They did so for two reasons firstly because the structural pressures of financialization which are a far more important driver of the problematic features of bank culture in Anglo America are harder to remedy but secondly state managers also used their bank culture response to tackle a legitimacy crisis facing their institutions of government In so doing they abdicated responsibility for the real problems of inequality and instability associated with their respective financial systems Drawing on interviews with more than 150 individuals working in financial services as well as regulators politicians and lawyers The Bank Culture Debate explains the strategies employed by state managers before then examining what has and has not changed in the culture of banking in the US and UK **Military Politics and Democratization in Indonesia** Jun Honna,2013-01-11 The military have had a key role to play in Indonesia s recent history and may well have a decisive role to play in her future This book looks at the role of the military in the downfall of Suharto and their ongoing influence on the succeeding governments of B J Habibie and Abdurrahman Wahid The author also examines such key features as human rights reconciliation civic military discourse and ongoing security dilemmas The book is unique in providing the best overview of the role of the military in the world s fourth most populous nation Democratization in the Middle East Sabri Sayari,1993 *Ibadan Journal of Peace and Development* ,2012

Cultural Value and the Crisis of Legitimacy John Holden,2006 The cultural system faces a crisis of legitimacy a problem that has dogged culture for the last 30 years Cultural professionals have focused on satisfying the policy demands of their funders in an attempt to gain the same unquestioning support for culture that exists for health or education But the truth is that politicians will never be able to give that support until there exists a more broadly based democratic consensus

The question is where will this come from Politicians and policy makers appear to care most about the economic and social outcomes of state funded culture while the public and most professionals have a completely different set of concerns Because of this the dysfunctional cultural system has become a closed and ill tempered conversation between professionals and politicians while the news pages of the media play a destructive role between politics culture and the public The diagnosis is worrying but the prognosis is optimistic The problems are systemic but this report argues that solutions must start with cultural professionals The challenge is to create a different alignment between culture politics and the public In practice this will require courage confidence and radicalism on the part of professionals in finding new ways to build greater legitimacy directly with citizens The evidence suggests that such an approach would be successful and would serve the aims back cover
