**Narrative of the Life of David Crockett, of the State of Tennessee** Himself,2013-07-11 Be always sure you re right then go ahead In 1834 two years before legendary David Davy Crockett sacrificed his life for the cause of Texas liberty the future hero of the Alamo chronicled his life to that point in his own words Barely schooled he had become a legend as a marksman a hunter and a soldier in his native Tennessee before going on to serve in the U S Congress As this narrative reveals Crockett was plainspoken and proud of his background Ridiculed by his critics for his poor grammar and backwoods manners he proved his mettle by standing on his principals He broke with Andrew Jackson his former general in the Creek Wars over the question of Indian Removal For that he lost his seat in Congress but battled back and regained it In a close race after the events of his autobiography he lost his bid for reelection and bade his famous farewell to Tennessee I told the people of my district that I would serve them as faithfully as I had done but if not they might go to hell and I would go to Texas

**Sketches and Eccentricities of Col. David Crockett of West Tennessee** ,1833 [Narrative of the Life of David Crockett of the State of Tennessee](#) David Crockett,2016-10-16 In the following pages I have endeavoured to give the reader a plain honest homespun account of my state in life and some few of the difficulties which have attended me along its journey down to this time I am perfectly aware that I have related many small and as I fear uninteresting circumstances but if so my

apology is that it was rendered necessary by a desire to link the different periods of my life together as they have passed from my childhood onward and thereby to enable the reader to select such parts of it as he may relish most if indeed there is any thing in it which may suit his palate I have also been operated on by another consideration It is this I know that obscure as I am my name is making a considerable deal of fuss in the world I can t tell why it is nor in what it is to end Go where I will everybody seems anxious to get a peep at me and it would be hard to tell which would have the advantage if I and the Government and Black Hawk and a great eternal big caravan of wild varments were all to be showed at the same time in four different parts of any of the big cities in the nation I am not so sure that I shouldn t get the most custom of any of the crew There must therefore be something in me or about me that attracts attention which is even mysterious to myself I can t understand it and I therefore put all the facts down leaving the reader free to take his choice of them On the subject of my style it is bad enough in all conscience to please critics if that is what they are after They are a sort of vermin though that I sha n t even so much as stop to brush off If they want to work on my book just let them go ahead and after they are done they had better blot out all their criticisms than to know what opinion I would express of them and by what sort of a curious name I would call them if I was standing near them and looking over their shoulders They will at most have only their trouble for their pay But I rather expect I shall have them on my side

As the public seem to feel some interest in the history of an individual so humble as I am and as that history can be so well known to no person living as to myself I have after so long a time and under many pressing solicitations from my friends and acquaintances at last determined to put my own hand to it and lay before the world a narrative on which they may at least rely as being true And seeking no ornament or colouring for a plain simple tale of truth I throw aside all hypocritical and fawning apologies and according to my own maxim just go ahead Where I am not known I might perhaps gain some little credit by having thrown around this volume some of the flowers of learning
