

Cronus Versus Zeus

Thomas Spencer Baynes

Cronus Versus Zeus:

The Politics of Sacrifice in Early Greek Myth and Poetry Charles H. Stocking, 2017-03-30 A new interpretation of sacrifice based on Greek myth and poetics in conjunction with recent research in anthropology [The Mother of the Gods, Athens, and the Tyranny of Asia](#) Mark H. Munn, 2006-07-11 Among maternal deities of the Greek pantheon the Mother of the Gods was a paradox Conflict and resolution were played out symbolically Munn shows and the goddess of Lydian tyranny was eventually accepted by the Athenians as the Mother of the Gods and a symbol of their own sovereignty **Oedipus; or, The Legend of a Conqueror** Marie Delcourt, 2020-08-01 Marie Delcourt's brilliant study of the Oedipus legend an unjustly neglected monument of twentieth century classical scholarship published in 1944 and issued here for the first time in English translation bridges the gap between Carl Robert's influential Oedipus 1915 and the work of Lowell Edmunds seventy years later Delcourt studies the legend in its various aspects six episodes that have equal weight and that stress the same themes greatness conquest domination the right to rule all of them bound up with the idea of kingship Together they form the biography of a Theban hero the fullest account that has come down to us about the prehistory of sovereign power among the ancient Greeks Delcourt does not suppose that Oedipus or indeed any other Greek hero was a historical figure The personality familiar to us from the plays of the tragedians of the fifth century our oldest source and a very late one was the result of their extraordinary artistry in linking together themes rooted in very ancient social and religious rites that in the interval had come to describe the feats of Oedipus then his life and finally his character It was in order to explain these rites whose meaning had ceased to be understood that myths and legends were invented in the first place Oedipus Delcourt argues is the archetype of all heroes of essentially if not exclusively ritual origin whose acts were prior to their person This is a very different and far more complex Oedipus than the one rather implausibly imagined by Freud More generally the origin and transmission of the Oedipus legend tells us a great deal about the strength and persistence of public memories in prehistoric societies **A Smaller Classical Dictionary** William Smith, 1910 *Greek and Roman Mythology, A to Z* Kathleen N. Daly, Marian Rengel, 2009 Alphabetically listed entries identify and explain the characters events important places and other aspects of Greek and Roman mythology *The Encyclopaedia Britannica* Thomas Spencer Baynes, 1884 [Beliefs, Rituals, and Symbols of Ancient Greece and Rome](#) Dean Miller, 2014-01-01 Greek and Roman mythology is forever linked for a myriad of reasons Historians believe this could be because many of the Roman deities were adopted from the Greek However there are many that were not shared and are proudly only Roman or only Greek This comprehensive atlas presents dictionary entries about the major gods heroes and imaginary creatures of Greek and Roman mythology along with information on some key historical figures and philosophical schools of thought In this impressive book the entries unfold through a pictorial and illustrated journey Through a robust glossary sidebars and thematic introductions the social studies content of this fascinating subject becomes easily digestible even for the most reluctant reader while the further reading
