Crossing The Jordan:

Crossing the Jordan Eun-Woo Lee, 2013-03-14 This book presents a test case for diachronic and synchronic approaches in Joshua 3-4 Lee introduces the synchronic readings of Polzin Hawk and Winther Nielsen as well as their attempts to uncover the problems in applying their methods to this complicated text He then investigates the differences between the MT and the LXX of Joshua 3-4 through text critical analysis and reconstructs the Hebrew Vorlage of LXX Joshua 3-4 considering divergences between major Greek editions and examines the limitations of Polzin's synchronic study in reading only from the final text of the MT For the purpose of reading the literary history of Joshua 3-4 in a diachronic way Lee considers what position this text holds in the setting of the wider context of the ark narratives and water crossing stories in the Old Testament e.g. the crossing of the Red Sea in Exodus 13:17-14:31 and with Elijah and Elisha crossing the river in 2 Kings 2 He examines the recent trends in literary criticism and attempts to trace the most probable literary history of Joshua 3-4

Crossing the Jordan Sam Portaro, 1999-01-25 In this Cowley Cloister Book Sam Portaro explores questions of discernment and vocation through meditations on the life and unfolding vocation of Jesus Rather than seeing vocation as a single goal to obtain once and for all Portaro includes all the many dimensions of life experience heredity family roots relationships and personal maturity in his consideration of how we as Christians discern who we are called to become Who am I where am I going and how do I find a life of my own What is my calling These questions are urgent for us all and they were no less urgent for Jesus in youth and young adulthood In these meditations on finding our place in the world Sam Portaro invites his readers to navigate the turning points of their own lives by reflecting on the life of Jesus as he came to discover that he was called by God This book helps inform our own sense of vocation and calling by exploring aspects of Jesus vocation as it was gradually revealed to him over the course of his life Vocation Portaro writes does not come as a bolt from the blue but emerges gradually from our history the events and people of our lives He then sets out to show us how the life of Jesus and the words of Scripture can become part of this conversation The meditations look at the essentials of Jesus life moving from the importance of roots and family the gospel's tracing of Jesus family tree to the hiddenness of vocation Jesus boyhood and the hidden years temptation forty days in the wilderness separation from family the calling of the disciples first awareness of his calling the Transfiguration and the fruits of vocation the road to Jerusalem Jesus life is the essential pattern we all trace through our lives and where we are to find our place Crossing the Jordan has emerged out of retreats for college students and it is provocative reading for those who are thinking about their own life choices or ministering to those who are A good resource for clergy teachers chaplains you
