A Middle Way to God Garth L. Hallett,2000-05-25 Charting a middle way between the extremes represented by Alvin Plantinga and Richard Swinburne Garth Hallett explores the thesis that if belief in other minds is rational and true as it surely is so too is belief in God He makes a strong case that when this parity claim is appropriately restricted to a single sound other minds belief belief in God and belief in other minds do prove epistemically comparable This result and the distinctive path that leads to it will interest students and scholars in philosophy of religion and theology
