Seafarers, Merchants and Pirates in the Middle Ages Dirk Meier,2006 The first sailors braved the North Sea and the Baltic in open wooden boats their aims were varied to fish to trade to conquer and plunder Without maps or compasses they steered by the sun or by landmarks on the coast Nevertheless they discovered Iceland and North America and explored the rivers that flowed through Europe and Russia into the Black Sea With the Frisians and the Vikings extensive trade routes better ships larger harbours and wealthy coastal towns developed The pinnacle of these advances was the Hansa a commercial network that ran from Bruges to Riga In recent years archaeologists have discovered much about the development of their ships the elegant Viking longboat the ubiquitous cog the carrack and the caravel Much too has been revealed about life in Viking settlements and the bustling Hanseatic cities In this engaging and highly illustrated volume Dirk Meier brings to life the world of the medieval seaman based on evidence from ship excavations and contemporary accounts of voyages Dr Dirk Meier teaches ancient and medieval history and is Head of Coastal Archaeology at the Christian Albrechts University in Kiel Germany

*The Story of the Seaman* John Forsyth Meigs,1924

*Shanghaiing Sailors* Mark Strecker,2014-05-19 Shanghaiing or forcing a man to join the crew of a merchant ship against his will plagued seafarers the world over between 1849 and 1915 Perpetrators were known as crimps and they had no respect for a man s education social status race religion or seafaring experience The merchant ships were involved in the opium tea and gold trades and the practice was spurred by the opening of the Suez Canal A major reason for it was a shortage of sailors and the unwillingness of seamen to sail on certain types of ships They suffered from great deprivations all for a paltry sum usually squandered during shore leave Navies and pirates had their own form of shanghaiing called impressment This work explores the rich history of shanghaiing and impressment with a focus on victims and also considers the 19th century seafarer and the circumstances that made shanghaiing so lucrative

An Introduction to Biological Evolution Kenneth V. Kardong,2005 Written for a general college audience this book offers an introduction to the principles and significance of Darwinian evolution It differs from most other textbooks on evolution in three fundamental ways first it is intended for students taking evolution early in their studies second it examines the intellectual significance of Darwinian evolution and third the text departs from the standard treatment of evolution in other textbooks wherein the arguments are reductionist molecular and overwhelmingly genetic in emphasis Ken Kardong also author of *Vertebrates Comparative Anatomy Function Evolution* is known for his accessible writing style His almost conversational approach to this topic puts the reader at ease while learning evolutionary concepts The result is an inviting book that will be read

*The World Before*

*Columbus, 1100-1492* Edward Burman, 1989      *Wayfaring Strangers* Fiona Ritchie, Doug Orr, 2014-09-29 Throughout the eighteenth and nineteenth centuries a steady stream of Scots migrated to Ulster and eventually onward across the Atlantic to resettle in the United States Many of these Scots Irish immigrants made their way into the mountains of the southern Appalachian region They brought with them a wealth of traditional ballads and tunes from the British Isles and Ireland a carrying stream that merged with sounds and songs of English German Welsh African American French and Cherokee origin Their enduring legacy of music flows today from Appalachia back to Ireland and Scotland and around the globe In *Wayfaring Strangers* Fiona Ritchie and Doug Orr guide readers on a musical voyage across oceans linking people and songs through centuries of adaptation and change From ancient ballads at the heart of the tradition to instruments that express this dynamic music Ritchie and Orr chronicle the details of an epic journey Enriched by the insights of key contributors to the living tradition on both sides of the Atlantic this abundantly illustrated volume includes a CD featuring 20 songs by musicians profiled in the book including Dolly Parton Dougie MacLean Cara Dillon John Doyle Pete Seeger Sheila Kay Adams Jean Ritchie Doc Watson David Holt Anais Mitchell Al Petteway and Amy White In 2017 noted Scottish musician Phil Cunningham followed this musical migration for the acclaimed BBC tv series *Wayfaring Stranger* to which the authors contributed In the pages of this book tv viewers will enjoy re visiting the people and places they loved on screen      **People, Place and Power on the Nineteenth-Century Waterfront** Graeme J. Milne, 2016-08-24 This book explores the tenuous existence of seafarers divided between their time on the ocean and their residence in sailortown economies geared to exploit them Particular attention is given both to the contribution of seafarers as a global workforce into the nineteenth century and to their help in creating vibrant multicultural enclaves in port cities worldwide In addition research explores the scandalized opinions of outside observers challenging ideas about public behavior and relationships Sailortown myths persisted far into the twentieth century to the detriment of older waterfront districts and their residents and readers will find this book is invaluable in casting new light on forgotten communities whose lives bridged urban maritime and global histories      Marine Art & Antiques Joseph Welles Henderson, Rodney P. Carlisle, 1999 Over the years Welles Henderson the author of this intriguing book noted that the majority of maritime museums throughout the world placed their emphasis on ship paintings ship models figureheads navigation equipment nautical tools and weapons but gave little insight into the daily life of the ordinary sailor For over four decades therefore he has been collecting material in an attempt to fill the gap This has been a great challenge as comparatively few real life depictions of shipboard activities and the life of a sailor at sea were made during the eighteenth and much of the nineteenth century There are countless ship portraits but very little of the human interest side of the sailor afloat While many well known expeditions including that of Captain James Cook had artists accompany them practically all their depictions were of flora fauna landscapes and local inhabitants rather than of shipboard life Finding a piece here and a piece there however Welles Henderson has painstakingly succeeded in putting together a fascinating

mosaic of the life of a sailor from the time of his going off to sea until his death on board or on shore **The Hosmer Heritage**, 1984 Thomas Hosmer ca 1603 1604 1687 emigrated from England to Newtown Massachusetts in 1633 and moved to Hartford Connecticut in 1636 Descendants lived in New England New York Ohio and elsewhere Some descendants immigrated to Ontario and elsewhere in Canada The first volume of this study traces the Hosmer family from its English roots to its settlement in the New World or from 1550 to about 1775 Volume 2 covers the period between the Revolutionary War and the Spanish American War Volume 3 covers a period roughly spanning 1880 1950 Books in Print, 1977
