Crooked House

Michael Hearst

Crooked House:

Crooked House Agatha Christie, 2010-02-10 Writing *Crooked House* was pure pleasure and I feel justified in my belief that it is one of my best Agatha Christie. Described by the queen of mystery herself as one of her favorites of her published work, *Crooked House* is a classic Agatha Christie thriller revolving around a devastating family mystery. The Leonides are one big happy family living in a sprawling ramshackle mansion. That is until the head of the household, Aristide, is murdered with a fatal barbiturate injection. Suspicion naturally falls on the old man's young widow, fifty years his junior. But the murderer has reckoned without the tenacity of Charles Hayward, fiancé of the late millionaire's granddaughter.

Crazy Buildings Ben Kassoy, Michael J. Rosen, 2013-08-01 A dog-shaped bed and breakfast. A house built like a shoe. Two towers that look like they're dancing. You're not dreaming. These are only a few of the crazy buildings found throughout the world. Learn about the many loopy landmarks that wild builders have put together.

The Science of Agatha Christie Meg Hafdahl, Kelly Florence, 2023-09-05 Uncover the theories behind Dame Agatha Christie's most thrilling mysteries: *Murder on the Orient Express*, *Death on the Nile*, *The ABC Murders*, and so much more. Gothic media moguls Meg Hafdahl and Kelly Florence, authors of *The Science of Stephen King* and co-hosts of the *Horror Rewind* podcast, called the best horror film podcast out there by *Film Daddy* present a guide to the Agatha Christie stories and supersleuths we all know and love. Through interviews, literary and film analysis, and bone-chilling discoveries, *The Science of Agatha Christie* uncovers the science behind the sixty-six detective novels and fourteen short story collections that have become an integral part of the modern murder mystery, answering such questions as: What is the science behind the poisons used to commit murders in Agatha Christie's stories? When did crime investigation become more common, as seen in *Murder on the Orient Express*? Has science made it possible to uncover the truth behind the investigative powers of Hercule Poirot and Miss Marple? How did Agatha Christie use isolated settings to best explore the psychology of her characters? Join Kelly and Meg as they discover why sometimes the impossible must be possible.

[Secrets from the Agatha Christie Archives](#) Jared Cade, 2025-02-05 The untold story of how Agatha Christie conquered the serial market with her thrilling mysteries. Dame Agatha Christie reigns supreme as the Queen of Crime. Numerous books have been written about the legendary crime writer, focusing on nearly every aspect of her craft. But until now, no one has carried out an in-depth investigation into how she conquered the serial market with her thrilling tales of murder and intrigue. In the UK and US, Agatha Christie's work was serialized in the most prestigious magazines and newspapers of the day, often under an array of different titles prior to being published by Collins and Dodd Mead and Company. Second serial rights could result in a single title being syndicated to over 40 newspapers. Over the decades, numerous records have been lost or destroyed, and keeping track of her literary legacy has proved a major challenge for her publishers, literary agents, and others. Until now, Jared Cade, author of the ground-breaking biography *Agatha Christie and the Eleven Missing Days*, has unearthed a huge plethora of hitherto unknown facts about the timeline of her publishing history.

that will delight her devotees and enable future generations to write about her work with far greater authority and accuracy than ever before especially when correlating her publications to the parallels in her life Illustrated with rare pictures Secrets from the Agatha Christie Archives is destined to become an essential reference tool for fans librarians scholars antiquarian booksellers broadcasters and others interested in the making of one of the 20th century s most beloved writers Jared Cade is an acknowledged authority on Christianna Crime Time

The Home Book of Verse, American and English, 1580-1918,1918 [Agatha Christie](#) J.C. Bernthal,2022-08-25 The undisputed Queen of Crime Dame Agatha Christie 1890 1976 is the bestselling novelist of all time As the creator of immortal detectives Hercule Poirot and Jane Marple she continues to enthrall readers around the world and is drawing increasing attention from scholars historians and critics But Christie wrote far beyond Poirot and Marple A varied life including war work archaeology and two very different marriages provided the backdrop to a diverse body of work This encyclopedic companion summarizes and explores Christie s entire literary output including the detective fiction plays radio dramas adaptations and her little studied non crime writing It details all published works and key themes and characters as well as the people and places that inspired them and identifies a trove of uncollected interviews articles and unpublished material including details that have never appeared in print For the casual reader looking for background information on their favorite mystery to the dedicated scholar tracking down elusive new angles this companion will provide the most comprehensive and up to date information
