## **Croppers Cabin:**

**Cropper's Cabin** Jim Thompson, 2012-05-01 In this rural noir classic a ill fated romance between a sharecropper s son and a rich girl results in accusations of murder Tommy Carver may be every inch the angry rebellious young man his teachers and parents accuse him of being But sometimes there are reasons for a fury like Tommy s Tommy s relationship with Donna the daughter of a man he hates almost as much as his own father has led to more outbursts than anything else in Tommy s firecracker existence With her unearthly beauty and a passion that rivals Tommy s own he couldn t help but fall for her But as everybody knows the stories of star crossed lovers never have happy endings especially not with explosive parties like these Cropper s Cabin is Jim Thompson s hair raising thriller of what no writer has known better before or since the hardscrabble existence of small town American lives set to blow Praise for Jim Thompson The best suspense writer going bar none The New York Times A blisteringly imaginative crime novelist violent amoral terse and fast moving a classic American writer Kirkus Reviews My favorite crime novelist Often imitated but never duplicated Stephen King If Raymond Chandler Dashiell Hammett and Cornell Woolrich would have joined together in some ungodly union and produced a literary offspring Jim Thompson would be it His work casts a dazzling light on the human condition Washington Post *Hanesville Widows* Archer Howard, 2009-12-30 This is a book about human character resourcefulness compassion and magnanimous people Its cradle was in a time when personal honesty and integrity was the foremost value of our society Its characters are made up of those people who were given the opportunity to achieve the American Dream and they possessed the human traits that made those dreams happen This book is full of human personalities and how some people managed stay above the temptation for the low life and the dark side and stand as proud and admired individuals **Dingle Bank: the Home of the Croppers** Frances Anne Croppe Conybeare, 1925 [Wilderness A to Z](#) Rachel Carley, 2001 The Whole Earth Catalog meets the Boy Scout Manual in this comprehensive and irresistible compendium of wilderness wisdom natural history and practical know how Illustrations maps photos throughout [Southern Modernist](#) Louis Mazzari, 2006-12-01 Louis Mazzari brings to the fore one of the most important figures of the southern regionalist movement in the New Deal era His is the first biography of Arthur Raper a progressive sociologist writer and public intellectual who advocated racial and social justice in the South when such views were not only unpopular but dangerous effectively laying a foundation for the civil rights movement of the 1950s and 1960s Raper was one of the first white southern scholars to speak out against lynching sharecropping and tenant farming in his pioneering and highly influential books *The Tragedy of Lynching* 1933 *Preface to Peasantry* 1936 *Sharecroppers All* 1941 and *Tenants of the Almighty* 1943 He also contributed significantly to Gunnar Myrdal s important study of U S race relations *An American Dilemma* 1944 Mazzari carefully dissects Raper s works casting them in a larger historical context and examining both the acclaim and anger they elicited in the South He portrays Raper as a political and social radical fighting against southern racial and economic problems during the country s transition from an agrarian

culture to a modern one in an effort to keep the region from falling even further behind in an increasingly sophisticated world. Hostility toward his beliefs eventually led Raper to leave the South. He worked on the reconstruction of Japan after World War II and in Asia, Africa, and the Middle East at the height of the Cold War, promoting the same mix of federal planning and local control he had practiced in the New Deal South. In the life of Arthur Raper, Mazzari locates a larger story of liberalism in the white South. Raised on a North Carolina tobacco farm and educated at Chapel Hill under Howard Odum, Raper was remarkable for taking up issues of race and class to advocate modern views in a part of the world where adherence to the past was almost pathological and then going on to advance a liberal modernist version of Jeffersonian democracy throughout the Third World. He looked critically at the causes of racial violence and successfully conveyed scientific sociology into broad circulation through mass culture.

*Media Sport Stars* Garry Whannel, 2005-07-08. *Media Sport Stars* considers how masculinity and male identity are represented through images of sport and sport stars. From the pre-radio era to today's specialist TV channels, newspaper supplements, and websites, Whannel traces the growing cultural importance of sport and sportmen, showing how the very practices of sport are still bound up with the production of masculinities. Through a series of case studies of British and American sportsmen, Whannel traces the emergence of the sporting hero and star and considers the ways in which the lives of sport stars are narrated through the media. Focusing on figures like Muhammad Ali and David Beckham, whose fame has spread well beyond the world of sport, he shows how growing media coverage has helped produce a sporting system and examines how modern celebrity addresses the issues of race and nation, performance and identity, morality and violence. From Babe Ruth to Mike Tyson, *Media Sport Stars* demonstrates that in an era in which both morality and masculinity are perceived to be in crisis, sport holds a central place in contemporary culture and sport stars become the focal point for discourses of masculinity and morality.

*America's Johannesburg* Bobby M. Wilson, 2019-12. In some ways no American city symbolizes the black struggle for civil rights more than Birmingham, Alabama. During the 1950s and 1960s, Birmingham gained national and international attention as a center of activity and unrest during the civil rights movement. Racially motivated bombings of the houses of black families who moved into new neighborhoods or who were politically active during this era were so prevalent that Birmingham earned the nickname "Bombingham." In this critical analysis of why Birmingham became such a national flashpoint, Bobby M. Wilson argues that Alabama's path to industrialism differed significantly from that of states in the North and Midwest. True to its antebellum roots, no other industrial city in the United States depended as much on the exploitation of black labor so early in its urban development as Birmingham. A persuasive exploration of the links between Alabama's slaveholding order and the subsequent industrialization of the state, *America's Johannesburg* demonstrates that arguments based on classical economics fail to take into account the ways in which racial issues influenced the rise of industrial capitalism.
