Crossing America:

Crossing America National Geographic, 2001 Offers complete descriptions of places to visit near major interstate highways including national parks major cities scenic wonders and children s attractions A Ride Across America Simon Parker, 2024-07-18 Parker magnificently chronicles the America he encounters a divided disfranchised collection of states he fears for but comes to love for their generosity community spirit and sense of hope Ben East Observer Frustrated by the shallow headlines focusing only on Trump borders and division award winning travel writer Simon Parker decided that to better understand today s USA he would have to travel across it slowly Did the America of his teenage dreams really exist And was it really as fractured as the headlines suggest On his journey to find out Simon cycled 4 373 miles through eleven states and numerous extreme weather events via mountains and prairie lands forests and freeways Along the way he visited homes schools churches and rodeos meeting hundreds of extra ordinary Americans behind the clickbait news posts to discover a nation whose portrayal has become vastly oversimplified A Bike Across America Steve Ritter, 2014-07-09 As a midlife challenge author Steve Ritter decided to leave the comforts of home and the daily routine of his office and set out on an epic journey to bicycle across the United States Ritter wanted to rediscover his rural roots explore nature immerse himself in the rich history of his country and find out if he still had the endurance of his youth He wanted to see what other people did every day as he sat at his desk In A Bike across America he narrates the story of his thirty five day 3 461 mile journey that began April 27 2013 in Virginia Beach Virginia and ended in Newport Oregon This travelogue shares Ritters thoughts expectations and surprises battling the weather equipment failures and his doubts and fears and being assisted by kind hearted strangers With some history and geography included Ritter tells how this cross country ride changed his life Frank and honest A Bike across America recounts Ritters ultimate road trip one that taught this fifty year old empty nester that through perseverance and determination it could be done Heidi Across America Heidi Beierle, 2024-04-30 A memoir of homecoming Heidi Across America is a gritty story of how opening our hearts to others enables us to open our hearts to ourselves and love what we find there Finalist Chanticleer International Book Awards In the summer of 2010 Heidi Beierle had just finished her first year of graduate studies in community and regional planning and decided to pedal her bicycle solo from her home on the west coast across rural America to the Preserving the Historic Road conference in Washington D C What started as a research trip turned into an intimately physical and psychological encounter with self and nationhood Heidi was 35 at the time and didn t love much about herself except her ability to endure grueling physical undertakings She viewed her journey as an opportunity to fix her failures and insufficiencies There were also some research questions she wanted to explore Why do people live in small towns and what do they like about it Did a bicyclist like herself bring economic benefit to the small towns she visited What could communities do to support or invite cyclists to stay in their towns What could cyclists do to support the communities Along the way she was surprised by the kindness of strangers and the emotional pinch of

traveling through Wyoming where she grew up Her journey led her through the Plains and into the Ozarks where the heat climbed to agonizing temperatures and every pedal stroke in the heat felt one closer to death By the time she completed the trip Heidi discovered a newfound compassion for herself and a growing love for her country Strangers opened their hearts to her and in turn she opened her heart to herself And her questions began to change and mirror things many Americans are asking themselves today How can I be okay in my own skin What does it mean to be enough How do I satisfy my desire to travel without harming the planet What does it mean to love America For many young people it is a rite of passage to light out on an adventure to see the world and expose themselves to new experiences but we don t often talk about how Americans seeing America can open us to the diversity awe and wonder available right here in our nation Heidi Across America offers a journey to self love empathy consideration for others and respect for the spirit of place as pathways to find connection and home

Crossing America Dick Peck,2002 Crossing America is for every motorcycle rider or rider to be who has thought about getting on a bike and heading across country Based on three cross country trips totaling almost 10 000 miles Crossing America provides specific how to information enabling the reader to prepare for and actually take that motorcycle trip Woven through the how to text are the road side musings of the author Economic downturns have given him the time to take this trip an excellent opportunity to consider where his life has taken him in the past and where he plans to take it in the future Crossing America was written to encourage neophytes of all ages to get on a bike and ride to discover the joy of being on the road and perhaps to gain some insights into life as well
