later unrestricted designs Although smaller and relatively older than during the First World War it remained the leading
naval power until 1944 45 when it was overtaken by the United States Navy In this book I will focus more on the tactical and
technical decision making levels basing the tasks on examples taken from situations experienced by British submarine crews
in the Second World War However I will insert their missions into a broader framework of submarine warfare involving the
strategic operational strategic and political decision making levels in order to meet the greatest threat that Great Britain had
