**The Alphabet Versus the Goddess** Leonard Shlain, 1999-09-01 This groundbreaking book proposes that the rise of alphabetic literacy reconfigured the human brain and brought about profound changes in history religion and gender relations Making remarkable connections across brain function myth and anthropology Dr Shlain shows why pre literate cultures were principally informed by holistic right brain modes that venerated the Goddess images and feminine values Writing drove cultures toward linear left brain thinking and this shift upset the balance between men and women initiating the decline of the feminine and ushering in patriarchal rule Examining the cultures of the Israelites Greeks Christians and Muslims Shlain reinterprets ancient myths and parables in light of his theory Provocative and inspiring this book is a paradigm shattering work that will transform your view of history and the mind [Left to Right](#) David Crow, 2006-11 [Left to Right](#) The cultural shift from words to pictures is an in depth study of the influence digital technology has had on the way we communicate and the increasingly visual nature of our culture [Envisioning the Word](#) Richard A. Jensen, 2005 In this one volume resource kit Jensen helps preachers use visual images creatively and responsibly How how much when what equipment use of teams relationship to exegesis different varieties of images sources all the essential topics and concerns are addressed here Jensen first discusses how vital if controversial image making has always been in Christian tradition and then demonstrates how preaching with images is both profoundly traditional and necessary to contemporary proclamation His work combines practical advice with religious reflection to enable preachers to help their congregations envision the Word anew The accompanying CD ROM contains not only the full text of the book and helpful study guide but links to the most helpful Websites and Web based sources of images [Jezebel's War with America](#) Michael L. Brown, 2019 In 21st century America Jezebel is not a person But it s as if the spirit of Jezebel is alive again today This eye opening book not only unveils the satanic plot to destroy America beginning with an all out assault on the church but it will equip every believer with tools to defeat the enemy in their own personal lives as well as in the nation **A Theology for a Mediated God** Dennis Ford, 2015-10-08 **A Theology for a Mediated God** introduces a new way to examine the shaping effects of media on our notions of God and divinity In contrast to more conventional social scientific methodologies and conversations about the relationship between religion and media Dennis Ford argues that the characteristics we ascribe to a medium can be extended and applied metaphorically to the characteristics we ascribe to God just as earlier generations attempted to comprehend God through the metaphors of father shepherd or mother As a result his work both challenges and bridges the gap between students of religion and media and theology **Soulmates** Juliana Geran Pilon, 2011-12-31 In **Soulmates** Resurrecting Eve Juliana Geran Pilon argues for a return to an egalitarian view of men and women found in the original Genesis narrative as reflected through Judaism Christianity and Islam In each of these Abrahamic traditions it was understood that man and woman were created to be soulmates in God s image equal despite their different functions within society Pilon writes that

this original message has gradually been distorted with disastrous effect Any hope for an ennobling human community begins by resurrecting Eve as an equal partner to Adam The work examines the Biblical creation narrative comparing it to Greek and other ancient mythologies Pilon explains how the disturbing association of woman with sin and death led to Eve's demise as Adam's equal The final section of the work deals with the Goddess myth love and marriage in early religious narratives and modern man's search for his soul no less than for a soulmate The book at its core is a meditation on the relationship between men and women but also among human beings The resurrection of Eve is indispensable to attaining a true appreciation of love and faith Pilon uses religious texts expert commentary and various works of fiction poetry and psychology to make her argument come alive The work is strengthened by the writing style alternately poetic and humorous and a clear and illuminating progression of ideas Its emphasis on reconciliation and understanding and its post feminist outlook will find a receptive audience

**Bibliographic Index**, 1999 Echoes and Reflections Lance Strate, 2006 The author describes the interdisciplinary communication centered field of media ecology the study of media as environments a field that encompasses the study of technology symbol systems and aesthetic form in addition to traditional conceptions of media and mediation This book provides the first comprehensive overview of the field followed by a case study concerning the relationship between modes of communication and constructions of the self

GRADIVA JOURNAL OF CONTEMPORARY THEORY AND PRACTICE, 2000 *Approaches to Teaching DeLillo's White Noise* Tim Engles, John N. Duvall, 2006 Don DeLillo's satiric novel *White Noise* prophetic in 1985 about American society's rampant consumerism information overload overreliance on the media and environmental problems may seem to today's students simply a description of their lived reality The challenge for teachers then is to help them appreciate both the postmodern qualities of the novel and its social critique This volume like others in the MLA's *Approaches to Teaching World Literature* series is divided into two parts The first part *Materials* suggests readings and resources for both instructor and students of *White Noise* The second part *Approaches* contains eighteen essays that establish cultural technological and theoretical contexts e.g. whiteness studies place the novel in different survey courses e.g. one that explores the theme of American materialism compare it with other novels by DeLillo e.g. *Mao II* and give examples of classroom techniques and strategies in teaching it e.g. the use of disaster films
