## **Alternative Budgets Budgeting As If People Mattered:**

Alternative Budgets John Loxley, Canadian Centre for Policy Alternatives, 2003 Alternative budgets are presented as a method of political mobilization that advances fiscally responsible government allocation of resources in this treatise on the enlightened alternatives to the neoconservative agenda of slashing social services The basics of budgeting the technical and political contexts of budgeting and the relationship between budget legislation and fiscal constraints on governments are among the issues discussed to make the more esoteric aspects of budgeting understandable A budget that emphasizes the needs of poor people women and the environment is outlined with information on how to construct alternative budgets analyze the possibilities of government funding and mobilize political activists to propose clear affordable alternatives to neoliberal government cutbacks

**Social Policy and Practice in Canada** Alvin Finkel, 2012-05-09 Social Policy and Practice in Canada A History traces the history of social policy in Canada from the period of First Nations control to the present day exploring the various ways in which residents of the area known today as Canada have organized themselves to deal with or to ignore the needs of the ill the poor the elderly and the young This book is the first synthesis on social policy in Canada to provide a critical perspective on the evolution of social policy in the country While earlier work has treated each new social program as a major advance and reacted with shock to neoliberalism's attack on social programs Alvin Finkel demonstrates that right wing and left wing forces have always battled to shape social policy in Canada He argues that the notion of a welfare state consensus in the period after 1945 is misleading and that the social programs developed before the neoliberal counteroffensive were far less radical than they are sometimes depicted Social Policy and Practice in Canada A History begins by exploring the non state mechanisms employed by First Nations to insure the well being of their members It then deals with the role of the Church in New France and of voluntary organizations in British North America in helping the unfortunate After examining why voluntary organizations gradually gave way to state controlled programs the book assesses the evolution of social policy in Canada in a variety of areas including health care treatment of the elderly child care housing and poverty

Divided Province Greg Albo, Bryan M. Evans, 2019-02-28 No government jurisdiction in Canada has so radically transformed its public policies over the past decades as Ontario and yet the province has also maintained a striking degree of political stability in its party system Since the 1990s neoliberalism has been the point of reference in constructing policy agendas for all of Ontario's political parties It has guided the strategy for governance of the dominant Liberal Party since 2003 even as it divides the province between workers and employers north and south rural and urban and racialized minorities and the majority population With a focus on the governments of Mike Harris Dalton McGuinty and Kathleen Wynne Divided Province brings together leading researchers to dissect the province's public policies since the 1990s Presenting original state of the art research the book demonstrates that although the Conservative government of Mike Harris implemented the sharpest and most profound shift towards the establishment of a neoliberal regime in the province

the subsequent Liberal governments consolidated that neoliberal turn The essays in this volume explore the consequences of this ideological turn across a spectrum of policies including health education poverty energy employment manufacturing and how it has impacted workers women First Nations and other distinct communities The first book to offer a comprehensive critical account of neoliberalism in Ontario *Divided Province* overturns conventional readings of the province's politics and suggests that building a more democratic and egalitarian alternative to the current orthodoxy requires nothing less than a radical rupture from existing policies and political alliances Without such a decisive break political space may well open up again for the populist right

**Fashioning Prosperous, Sustainable and Humane Societies** Charles J.

Whalen, 2025-02-12 *Fashioning Prosperous Sustainable and Humane Societies* examines key challenges confronting humanity in the age of financialization and global warming A distinguished team of political economists analyzes the social conditions that promote human flourishing and how these can be achieved in the face of growing economic ecological and societal precarity

**Pensions at Work** Jack Quarter, Isla Carmichael, Sherida Ryan, 2008-05-24 Pension funds have come to play an increasingly important role within the new economy According to Statistics Canada in 2006 trustee pension funds in Canada had 836 billion of assets and represented the savings of 4.6 million Canadian workers *Pensions at Work* is a unique collection of papers that uses a labour perspective to deal with the socially responsible investment of pension funds Featuring leading Canadian and international scholars it builds on existing scholarship on socially responsible investment and on the growing interest of the Canadian labour movement in joint trusteeship What is unique about this collection is that it synthesizes three distinct themes socially responsible investment pension funds and labour studies The contributors address an array of critical issues such as gaps in the education of union trustees of pension funds the impact of human capital criteria on shareholder returns the influence of corporate engagement upon corporate performance and the nature of public private partnerships PPPs Although the essays in *Pensions at Work* all address the nexus between socially responsible investment pension funds and unions each looks at a particular manifestation of that relationship through a different disciplinary lens This collection moves the discussion to pension funds in which union representatives are also trustees a relatively new approach that will be of great interest to institutional investors the labour movement and instructors in labour studies programs

*From Crisis to Austerity* Tim Fowler, 2013 The Great Recession was the largest crisis of capitalism since the Great Depression and the largest crisis in neoliberalism to date sending shockwaves throughout the global economy States scrambled to right the sinking capitalist ship in order to maintain high levels of accumulation In Canada as in so many other countries the state introduced austerity measures aimed at organized labour and the broader working class This volume explores the political economy of The Great Recession in Canada and focuses on how labour has responded to the crisis neoliberalism and austerity measures

**Transforming Or Reforming Capitalism** John Loxley,2007 Growing worldwide interest in community economic development has led to a blossoming of how to manuals as well as analyses of co operatives development corporations gender financing etc Yet in all this discussion very little is said about the basic objective of CED Is it designed to fill holes left by capitalism or is it intended to replace it There is equally little on a theory of CED This book draws on several disciplines particularly economics sociology and political studies to assess the state of CED theory and to identify implicit issues for building that theory It emphasizes the necessity to draw theoretical insights from each discipline in the process hewing the efficacy of interdisciplinary approaches It concludes with a discussion of both future theoretical directions and of what existing theory has to say about achieving a transformative CED

pub website Globalization, Neo-conservative Policies, and Democratic Alternatives John Loxley,2005 Over the course of the last two decades governments around the world implemented a fundamental shift in the mainstream economic policy and ushered in a period of globalization These changes which are commonly known as neo conservative were resisted by a range of social forces from workers to farmers in the universities and on the streets With its diverse international perspectives of globalization and formulations of alternative economic policies this volume of essays responds to and posits alternatives for the uncreative and unjust policy decisions of world governments that negatively affect the welfare of the world s indigent people This book s unifying theme is the principle of social justice that motivates Loxley s life and work Loxley an economist is perhaps best known for his work in South Africa as an advisor to Nelson Mandela during the transition from apartheid and with First Nations communities in his native Canada Many of the 19 essays explore the impact of globalization on the developing world particularly Africa A comprehensive and expansive exploration of the global impact of neo conservative

economic policies from an internationally diverse group of scholarly voices *The Spectator* ,1910 **Bankruptcies & Bailouts** Wayne Andrew Antony,Julie Guard,2009 Like the rest of the industrialized world Canada is in the midst of an economic crisis that is clearly of global proportions Yet many prominent economists including Nobel prize winners failed to see it coming This is unsurprising since in the words of a newly humble Alan Greenspan the crisis revealed a flaw in the model that defines the way the world works Bankruptcies and Bailouts explains the roots of this economic disaster The essays in this book show in clear and accessible language that the global capitalist economy dependent on hyper extended credit fuelled by systematic deregulation and rooted in the contradictions of a mad drive for unlimited profitability must inevitably end up in this predicament The authors also demonstrate that there are ways out of this economic mess that do not involve simply bailing out the obscenely over paid executive whose decisions led us to this chaos R sum de l diteur
