Black Excellence:

Black Excellence Danielle Wiggins,2025-09-02 A provocative new history of modern black liberalism Black Excellence offers a provocative new history of modern black liberalism by situating the seemingly conservative tendencies of black elected officials in the post civil rights era within neoliberal American politics and an enduring black liberal tradition In the 1970s and 80s cities across the country elected black mayors for the first time Just as these officials gained political power however their cities felt the full brunt of white flight and deindustrialization Tasked with governing cities in crisis black political leaders responded in seemingly conservative ways to the social problems that austerity worsened Nowhere was this response more evident than in Atlanta In the nation s preeminent black urban regime black leaders such as mayors Maynard Jackson and Andrew Young employed the power of policing and the private sector to discipline black Atlantans hoping they would equip vulnerable communities with the tools to manage the volatility of the era Danielle Wiggins shows that these punitive responses to the problems of crime family instability and unemployment were informed by black liberalism s disciplinary impulse an enduring tendency to reform behaviors believed to threaten black survival in a white supremacist nation Forged in response to the violence of Jim Crow the disciplinary impulse relied upon notions of pathology and its inverse black excellence Wiggins identifies several black liberal efforts to cultivate excellent black communities families and workers in the post civil rights era including community policing corporate sponsored family initiatives and black entrepreneurship In embracing disciplinary strategies however black liberals often focused on behavior at the expense of addressing structural inequality Consequently their approaches dovetailed with those of the New Democrats whose post Great Society social policies were informed by urban black liberals Black Excellence reveals thus how urban black liberals not only reshaped black politics but as Democrats also helped build the neoliberal Democratic Party **Ebony** ,1996-03 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine *Black Excellence* Jeff Shafer,2021-08-23 How often do you wake up and ask yourself How can I be better today than I was yesterday Black Excellence 20 Stories about Rising from Ordinary to Extraordinary will inspire you to expand and broaden the range of phenomenal goals you want to achieve in life Author L Jeff Shafer II celebrates Black culture through interviews research and his personal journey to show there are endless examples of Black Excellence today in many different industries This book will challenge readers who think that money is synonymous with happiness or success and dare them to ask more from themselves Black Excellence includes compelling stories from a variety of influential figures exploring the intersection of purpose race and excellence It also showcases helpful tips on practicing excellence in your daily life discussion topics and self reflection exercises at the end of each chapter This is the book for those who want to up their game realize their goals and achieve the unachievable **The Routledge Companion to Performance Philosophy** Laura Cull Ó Maoilearca,Alice Lagaay,2020-07-08 The Routledge

Handbook of Research on Writing Instruction Practices for Equitable and Effective Teaching Hodges, Tracey S., 2022-05-27

Writing is a critical component for teaching children about advocacy and empowering student voice as well as an essential tool for learning in many disciplines Yet writing instruction in schools often focuses on traditional methods such as the composition of five paragraph essays or the adherence to proper grammatical conventions While these are two components of writing instruction and preparation in education they only provide a small glimpse into the depth and breadth of writing As such writing instruction is increasingly complex and requires multiple perspectives and levels of skill among teachers The Handbook of Research on Writing Instruction Practices for Equitable and Effective Teaching serves as a comprehensive reference of issues related to writing instruction and leading research about perspectives methods and approaches for equitable and effective writing instruction It includes practices beyond K-12 including best writing practices at the college level as well as the development of future teachers Providing unique coverage on culturally relevant writing socio and racio-linguistic justice and urgent writing pedagogies this major reference work is an indispensable resource for administrators and educators of both K-12 and higher education pre-service teachers teacher educators libraries government officials researchers and academicians

The Black Excellence Project Cassandra J St Vil, PH D, Michael J Sigrist, PH D, Jonathan R Freeman, PH D, 2020-06-13 The students whose work

appears in this collection spent months learning and writing about Black Excellence Their efforts show that Black Excellence is not one thing but is as rich and diverse as the variety of Black experience itself From Dorothy Height to Benjamin Banneker to Taraji P Henson across fields like math law and entertainment readers will find pictures of Black Excellence that not only celebrate a life but show how that life stands up to the racism shaping society still today Each essay profiles at least one leading Black figure connected to the home where our students live and go to school Washington D C Students analyze the life of these individuals and try to find what in their unique way makes each a model for Black excellence In the process students learn how to let these lives inspire their own Both the figures profiled in these essays and the students who wrote them resist the racism in our society not by calling it out directly but through vibrant and forceful examples that undermine the assumptions and failures of imagination on which racism thrives This book stands as a showcase to what a dedicated positive anti racism curriculum can look like in a high school setting that promotes Black Excellence through pride scholarship and understanding
