Black Easter Or Faust Aleph Null:

Black Easter, (or, Faust Aleph-Null) James Blish, 1981 2 Science fiction romaner *Black Easter, Or, Faust Aleph-Null* James Blish, 1969 *Horror of Philosophy* Eugene Thacker, 2025-10-14 Eugene Thacker's three cult classic volumes of supernatural horror come together in this new Zero Books omnibus revised with updated material offering an essential resource for thinking about the unthinkable world Zero Books presents a new omnibus edition of a cult classic all three volumes of Eugene Thacker's *Horror of Philosophy* trilogy revised and expanded by the author Across the three volumes of the series Thacker adopts a unique approach reading works of horror as if they were philosophy and works of philosophy as if they were horror leading to far reaching questions Could it be that the more we know about the world the less we understand it Could it be that while everything has been explained nothing has meaning At the center of Thacker's project is the idea of the world without us an increasingly unthinkable world of planetary disasters emerging pandemics and the looming threat of extinction To confront this idea is to confront the limit of our ability to understand the world in which we live not a philosophy of horror but a horror of philosophy *Demon Possession* John Warwick Montgomery, 2018-01-26 In January of 1975 the Christian Medical Association gathered to deliver papers on the subject of demon possession The essayists are Christians affiliated with a variety of academic institutions The essays themselves explore the phenomena of the demonic in the Bible in literature on the mission field in anthropology legal history and psychiatric treatment All of the participants accept the reality of the demonic but they are circumspect in their scholarship If you are looking for a more substantial treatment than what you might find in popular booklets on the subject or on the fiction aisle this is it never before or since this symposium has there been a focused study of this magnitude on demon possession **Modern Fantasy: The 100 Best Novels** David Pringle, 2014-09-30 Pringle presents his selections in chronological order and includes a synopsis of the story a discussion of the author's overall contribution to fantasy literature critical commentary on the title's significance and a brief publishing history An introductory essay tackles the difficulty of defining fantasy while a Brief Bibliography directs readers to other discussions of the genre By no means a definitive subject guide this entertaining volume should serve as a solid introduction to the elusive field of imaginative literature *Encyclopedia of Fantasy and Horror Fiction* Don D'Amassa, 2015-04-22 Presents articles on the horror and fantasy genres of fiction including authors themes significant works and awards *Nature & Science on the Pacific Coast*, 1915 *In the Dust of This Planet* Eugene Thacker, 2011-08-26 1 Amazon Best Seller in Philosophy Criticism The world is increasingly unthinkable a world of planetary disasters emerging pandemics and the looming threat of extinction In this book Eugene Thacker suggests that we look to the genre of horror as offering a way of thinking about the unthinkable world To confront this idea is to confront the limit of our ability to understand the world in which we live a central motif of the horror genre In *In the Dust of This Planet* explores these relationships between philosophy and horror In Thacker's hands philosophy is not academic logic chopping instead it is the

thought of the limit of all thought especially as it dovetails into occultism demonology and mysticism Likewise Thacker takes horror to mean something beyond the focus on gore and scare tactics but as the under appreciated genre of supernatural horror in fiction film comics and music This relationship between philosophy and horror does not mean the philosophy of horror if anything it means the reverse the horror of philosophy those moments when philosophical thinking enigmatically confronts the horizon of its own existence For Thacker the genre of supernatural horror is the key site in which this paradoxical thought of the unthinkable takes place The cover of *In the Dust of this Planet* can be seen in a New York gallery on a banner at the 2014 Climate Change march in New York and on Jay Z's back promoting *Run* The book influenced the writers of the US TV series *True Detective* and has been lambasted by ex Fox News broadcaster Glenn Beck in this podcast https://www.youtube.com/watch?v=2IW8OK4_1gQ
