The Art of Where J.S. Morin, 2024-12-11 When you don't know where to go a wizard's magic steals the show The hunt for captive humans still held in Eyndar Empire space has hit a wall Captain Jessie Ramsey's assault on Outpost 71 resulted in the liberation of hundreds but little in the way of leads But what if dark magic could find more Wouldn't the benefit outweigh the harm And what if that dark magic was chronomancy And what if that chronomancy was wielded by the galaxy's least responsible wizard Eric Ramsey Still willing to give it a try Still worth the risk Then hell yeah Let's go rescue some humans What could possibly go wrong The Art of Where is the tenth mission of Black Ocean Passage of Time a science fantasy series set in the late 26th century What if Futurama jumped 5 years ahead instead of 1000 What if Doc and Marty lost the car keys What if Bonnie and Clyde were siblings instead of lovers Passage of Time jolts the Black Ocean universe forward into new adventures and new perils with a new cast of zany misfits trying to outsmart the galaxy just to get by Strap in and hold on tight Passage of Time is the latest series in the Black Ocean universe and it's going to be an action packed mystery filled madcap ride across the galaxy

Lies That Bind Us J.S. Morin, 2025-04-08 The only thing crazier than the rescue plan is the backup plan Carl Ramsey is a dead man Or he will be soon Captured by the Eyndar Empire his old Third War service record becomes a list of charges Actions that earned him commendations and acclaim from his own side resulted in thousands of deaths to his Eyndar foes and they plan to make a public celebration out of his executions Plural Thanks to medical science they have Six Deaths lined up With a calendar of events available via the omni the Arete crew has a very literal deadline to work with formulating a rescue plan How does a small crew even as gifted as those of the Arete sneak into the capital city of an enemy species homeworld reach a captive of the highest profile and get back out alive To answer that question an old friend has to reveal a long kept secret Meanwhile a forgotten member of the team works in the shadows on a contingency that just might be worse than failure Lies That Bind Us is the thirteenth mission of Black Ocean Passage of Time a science fantasy series set in the late 26th century What if Futurama jumped 5 years ahead instead of 1000 What if Doc and Marty lost the car keys What if Bonnie and Clyde were siblings instead of lovers Passage of Time jolts the Black Ocean universe forward into new adventures and new perils with a new cast of zany misfits trying to outsmart the galaxy just to get by Strap in and hold on tight Passage of Time is the latest series in the Black Ocean universe and it's going to be an action packed mystery filled madcap ride across the galaxy

Realspace Real Chase J.S. Morin, They can run but they can't hide Also they can't run A routine resupply stop takes a terrifying turn when the crew of the Arete realize they're unable to access astral space Now intelligence services across the galaxy are realizing that the advanced haathee vessel is trapped in realspace and unable to flee Now Captain Jessie Ramsey has to play the less enviable role in a game of cat and mouse Her ship is tough great in a fight but there's only so much she can handle at once Meanwhile the crew scrambles to find a way to repair the star drive They have limited materials on hand a damaged example unit that was jury rigged to begin with and no

one who knows exactly how one is supposed to work Hunting pirates was supposed to earn them goodwill but it s hard to recruit when you re being pursued by Martian warships and a band of pirates who desperately want something you stole from them All in a day s work for an outlaw starship captain **Outlaw World** J.S. Morin, It s all fun and games until someone loses a captain Desperate for allies captain Jessie Ramsey enters negotiations with an independent border colony The planet has food and basic essentials aplenty the Arete can offer protection in return However talks take a turn for the worse when half the ship s delegation is kidnapped and the other half doesn t notice Who leaked their itinerary to the kidnappers What will become of the negotiations Who is even qualified to take over command when all the top officers are either captured or actively involved in the rescue Chaos and confusion reign Except for our victims who have their kidnappers right where they want them **Salvage Trouble** J.S. Morin,2014-12-05 The escape pods are long gone A distress beacon is still active Chase off the pirates and the wreck is all theirs What was a crime scene moments before just became legitimate salvage fair game for an opportunistic starship captain Carl Ramsey is that opportunist His crew of misfits includes his ex wife as pilot a drunken mechanic a predatory bodyguard and an outcast wizard from the Convocation On their best days they re a well oiled machine capable of taking on any challenge In theory If that ever happened Carl would be as shocked as anyone In the meantime they re a crew in need of terras and the galaxy doesn t give those out for free Jobs come and go but the cost of fuel is always chasing a ship like its own ion trail A good captain just keeps his crew from killing one another getting dusted by pirates and earning however they can Nobody pays for easy work and every job comes with its own surprises never the good kind Welcome to life out in the Black Ocean where you can t always get what you want But if you try sometimes You ll get what you need **Salvage Trouble** is the first mission of Black Ocean a science fantasy series set in the 26th century Do you wish there had been a second season of Firefly Do you love the irreverent fun of Guardians of the Galaxy Have you ever wondered how Star Wars would have turned out if Luke and Obi wan had ditched the rebellion to become smugglers with Han and Chewie Then Black Ocean is the series for you Pick up your copy of **Salvage Trouble** and aim to misbehave with the crew of the Mobius **Who Let the Dogs In** J.S. Morin,2024 What s worse than an 8 ton eating machine loose on your ship Four of them The galaxy s most feared pirate raiders are the megalodogs Massive nearly indestructible and knowing just enough magic that science cannot save defenders The best way to deal with them Never to let them board your ship If you invite them aboard knowingly or not you re pretty much screwed That s the situation Captain Jessica Ramsey finds herself in With her wizard brother Eric off on a personal quest halfway across the galaxy her resources for dealing with the giant canines are limited But once a special forces operative always a special forces operative And while the blasters and grenades she packs might not get the job done she s got other weapons hidden up her sleeve Her crew **Rescue Like a Hurricane** J.S. uncovered the heart of a sinister alien conspiracy to hide the existence of ongoing human labor camps and on a scale that is unlike anything any of the heroes have seen before They have a target They have a goal What they need is a plan and that is a tall order when the idea is to rescue a small city's worth of captive laborers But like all good plans this one comes together when someone unexpected suggests something unthinkable and the impossible suddenly doesn't look so impossible anymore The mission is on and the stakes are too high to fail The Eyndar Empire isn't going to know what hit them Rescue Like a Hurricane is the twelfth mission of Black Ocean Passage of Time a science fantasy series set in the late 26th century What if Futurama jumped 5 years ahead instead of 1000 What if Doc and Marty lost the car keys What if Bonnie and Clyde were siblings instead of lovers Passage of Time jolts the Black Ocean universe forward into new adventures and new perils with a new cast of zany misfits trying to outsmart the galaxy just to get by Strap in and hold on tight Passage of Time is the latest series in the Black Ocean universe and it's going to be an action packed mystery filled madcap ride across the galaxy

Morin, 2026-01-20 No army No map No backup Just dwarves With their outpost secure the newly crowned king of the Dragonhammer dwarves finds himself more concerned with trade and infrastructure than conquest The failed invasion weakened their enemies and the dwarves have graciously declined to counterattack After all the Dragonhammer Clan sees the monument to their dead every day But the goblins can't afford to leave well enough alone Desperate for resources only available within the dwarven controlled region they try to barter And when the dwarves refuse to deal with their enemies the goblins resort to theft King Nedrum Dragonhammer wants nothing more than peace but he is not willing to pretend the goblins will ever let them have it Not after they proved they can't mend their ways A hasty war party is assembled and the goal is simple finally drive the occupiers out of their ancient homeland once and for all The Dragonhammer Saga isn't the story of one dwarf but of the whole clan If you want the whole vibe of dwarves as hard drinking hard working family oriented and tougher than nails or just about anything else then this is the series for you If you prefer your dwarves and gruff bearded miners who might occasionally break into song good news this is also the series for you
