## **Blackhawk Legacy:**

**Blackhawk Legacy** Barbara McCauley,2004 The national bestselling author expands her Secrets miniseries with this new longer length story Dillon Blackhawk has vowed never to return to Wolf River Texas But now Rebecca Blake is asking him to confront his past and find the answers to a legacy of lies **Name Your Price** Barbara McCauley,2009-10-29 Some prices are too high to pay Unfortunately millionaire Trace Ashton had discovered this cold truth the hard way when his fianc e had accepted a one hundred thousand dollar buy off The betrayal had left Trace a bitter vengeful man So when Becca Marshall dared to return to Napa Valley and the social circles he enjoyed Trace plotted his fiery revenge But even as he seduced Becca Trace realized she was keeping secrets Her modest lifestyle belied her acceptance of an Ashton buy off Was she innocent of the deceptions Trace had believed for so long and would his quest for the truth cost him more than he was willing to pay

**A Sustainable Theatre** B. Witham,2013-06-13 Begun as an audacious experiment for thirty years the Hedgerow Theatre prospered as America s most successful repertory company While known for its famous alumnae Ann Harding and Richard Basehart Hedgerow s legacy is a living library of over 200 productions created by Jasper Deeter s idealistic and determined pursuit of truth and beauty **Hidden History of Clinton, Iowa** Matt Parbs,2020 Two things people frequently say about Clinton are that it was the lumber capital of the world and home to the most millionaires per capita While those interesting nuggets are not exactly true there are plenty of fascinating facts about the city Learn why Clinton could easily be known as a holiday town if not overshadowed by the meetings and parties of America s lumber kings See what life was like guiding an acre long log raft down the Mississippi Enter the century long debate on the location of the Big Tree And find out how Clinton fed the world Matt Parbs director of the Sawmill Museum unearths Clinton s past from the weight of myth and details its hidden history Captivity Literature and the Environment Kyhl Lyndgaard,2016-08-12 In his study of captivity narratives Kyhl Lyndgaard argues that these accounts have influenced land use policy and environmental attitudes at the same time that they reveal the complex relationship between ethnicity landscape and authorship In connecting these themes Lyndgaard offers readers an alternative environmental literature one that is dependent on an understanding of nature as home rather than as a place of temporary retreat He examines three captivity narratives written in the 1820s and 1830s A Narrative of the Life of Mrs Mary Jemison The Captivity and Adventures of John Tanner and Life of Black Hawk all of which engage with the Jacksonian policy of Indian removal and resist tropes of the so called Vanishing Indian As Lyndgaard shows the authors and the editors with whom they collaborated often saw their stories as a plea for environmental and social justice At the same time audiences have embraced them for their vision of a more inclusive and less exploitative American society than was proffered by the rhetoric of Manifest Destiny Their legacy is that while environmental and social justice has been slow in fulfilment their continued popularity testifies to the fact that the struggle for justice has never been ceded

**Re-Collecting Black Hawk** Nicholas Brown,Sarah E. Kanouse,2015-06-04 The name Black Hawk permeates the built

environment in the upper Midwestern United States It has been appropriated for everything from fitness clubs to used car dealerships Makataimeshekiakiak the Sauk Indian war leader whose name loosely translates to Black Hawk surrendered in 1832 after hundreds of his fellow tribal members were slaughtered at the Bad Axe Massacre Re Collecting Black Hawk examines the phenomena of this appropriation in the physical landscape and the deeply rooted sentiments it evokes among Native Americans and descendants of European settlers Nearly 170 original photographs are presented and juxtaposed with texts that reveal and complicate the significance of the imagery Contributors include tribal officials scholars activists and others such as George Thurman the principal chief of the Sac and Fox Nation and a direct descendant of Black Hawk These image text encounters offer visions of both the past and present and the shaping of memory through landscapes that reach beyond their material presence into spaces of cultural and political power As we witness the evocation of Black Hawk serves as a painful reminder a forced deference and a veiled attempt to wipe away the guilt of past atrocities Re Collecting Black Hawk also points toward the future By simultaneously unsettling and reconstructing the Midwestern landscape Re Collecting Black Hawk envisions new modes of peace
