Blackstone's Guide to the Human Rights Act 1998 John Wadham,JOHN;MOUNTFIELD KC WADHAM (HELEN;DESAI, RAJ;HANNE.),Wadham et al,2024 Blackstone s Guide to the Human Rights Act 1998 provides clear concise coverage of the operation and application of the Human Rights Act 1998 The Guide considers the case law of the European Court of Human Rights and the impact of Convention rights in landmark domestic judgments **Blackstone's Police Operational**

Handbook: Practice and Procedure Clive Harfield,2009-08-27 This practical handbook offers guidance on good practice in core policing areas It draws together practical advice across a wide range of police duties along with extracts and explanations of official policy and guidance from ACPO the National Policing Improvement Agency and the National Centre for Policing Excellence **Tackling Militant Racism** Peter Jepson,2018-05-08 This title was first published in 2003

Militant racism is concerned with antagonism and hostility associated with racist activity Within a society it is expressed by material that may stir up racial hatred and or discrimination It can also be seen on the streets and indeed the alleged racist criminality orchestrated by militant gangs After examining the possible causes of militant racism and its effects this book considers the new laws designed to tackle racially motivated crime found in the 1998 Crime and Disorder Act A central theme of the book is the balance between freedom of expression and penalizing racially offensive expression Domestic

Counter-Terrorism in a Global World Daniel Alati,2017-07-14 Although both Canada and the United Kingdom had experienced terrorism prior to the attacks of 9 11 and already had in place extensive provisions to deal with terrorism the events of that day led to the enactment of new and expansive counter terrorism legislation being enacted in both jurisdictions This book explores these changes to counter terrorism laws and policies in the UK and Canada in order to demonstrate that despite the force of international legal instruments including the heavily scrutinized UN Security Council Resolution 1373 the evolution of counter terrorism policies in different jurisdictions is best analyzed and understood as a product of local institutional structures and cultures The book compares legal and political structures and cultures within Canada and the United Kingdom It analyses variations in the evolution post 9 11 counter terrorism measures in the two jurisdictions and explores the domestic reasons for them While focus is primarily geared towards security certificates and bail with recognizance investigative hearings in Canada and detention without trial control orders and TPIMs in the UK the use of secret evidence in the wider national security context terrorist listing civil litigation criminal prosecutions etc is also discussed The book reveals how domestic structures and cultures including the legal system the relative stability of government local human rights culture and geopolitical relationships all influence how counter terrorism measures evolve In this sense the book utilizes a methodology that is both comparative and interdisciplinary by engaging in legal political

historical and cultural analyses This book will be particularly useful for target audiences in the fields of comparative law and criminal justice counter terrorism law human rights law and international relations and politics

Law and Religion in Contemporary Society Peter W. Edge, Graham Harvey, 2017-09-08 The relationship between law and religion has traditionally been analysed according to two basic paradigms One has focused on the relationship between religious communities and the State the Church State paradigm while the other has concentrated on the relationship between the State and the individual the liberal individualist or civil liberties paradigm This book enriches the analysis of law and religion in society by emphasising a third and complementary analytical dimension involving the relationship between religious communities and religious individuals In particular the contributors explore the various facets of the multiple tensions that exist in the legal relationships between religious organisations State and adherents in the period leading up to the third Christian millennium Against the background of the complex and sometimes contradictory responses of religious organisations and the State to the Human Rights Act this interdisciplinary collection draws on contributions from leading scholars active in the field of religious rights and the interaction of law and religion based in the UK USA Canada New Zealand and elsewhere and makes a timely and significant contribution to international debates in a variety of academic disciplines Contributors explore international concerns over religious liberty focusing particularly on the boundaries of ethnicity and religious community the status of the established Churches in the UK and the proper place for religious organisations under generally applicable legal regimes of non discrimination Themes discussed are closely related to wider interests within legal and socio legal studies involving gender discrimination equality community and the nature and limits of individualism and individual legal rights

Local Authorities and Human Rights Richard Drabble, James Maurici, Tim Buley, 2004 Local Authorities and Human Rights provides an introduction to the Human Rights Act 1998 an overview of the principle articles of the European Convention and a detailed analysis of the remedies and their importance in the local government context Importantly the book considers the local authority administrative framework and compatibility issues before considering the impact of the 1998 Act The book also features incisive analysis of some of the most crucial judgments given on the Human Rights Act to date including the Alconbury decision Book Jacket
