Brigitte Eagle, 2015-07-28 THE STATUETTE is literary fiction with a wisp of the paranormal It tells the story of how a curious incident in the Madrid sky not only stuns most residents of the city but also brings 2 people both seeking answers to 2 apparently unrelated questions together One is Art a daredevil freelance investigative journalist with a passion for the inexplicable Convinced that contrary to what many television pundits are inferring the event in the sky is far more than a mere atmospheric phenomenon he sets out to investigate that strange appearance in the sky The other is Regina a Nigerian curator who is lured to Spain by a group of con artists with the promise of a brilliant fresh start Nevertheless on arrival she is savagely bitten by reality She is seeking redress for that deceit and answers to the sudden disappearance of her best friend when she stumbles across Art Following their apparent chance meeting they realise that to achieve their individual objectives they need each other Slowly a curious sort of friendship evolves between them In the course of his investigation Art comes across Santi an eccentric artist who is also a collector he collects just about anything in the name of art Incidentally he is Reginas boss Interestingly though each of these 3 individuals has a different interpretation of the phenomenon in the sky they all share the same belief the incident is absolutely significant However only one of them is aware of how much so and of its impact on their lives THE STATUETTE is multicultural too Through Arts sometimes witty musings readers get glimpses into 2 societies The Spanish societys sometimes laid back attitude its detestation of bureaucracy and its reluctance to comply with rules and regulations are reflected The beliefs generosity and fun loving nature of the Nigerian society as well as the endemic corruption and insecurity are depicted After reading THE STATUETTE you will never acquire any antiquity without inquiring about its provenance **The ninth book of Vergil's Aeneid** Virgil, 1897 **Aristotle's Meteorology and its**

Reception in the Arab World Paul Lettinck,2021-10-25 An account of what Arabic scholars have written either as commentators or as more independent authors on the subjects treated in Aristotle's Meteorology this work investigates how they were influenced by one another and by previous Greek commentators For each subject a survey is given of the content of the Greek commentaries by Alexander Philoponus and Olympiodorus as well as of a later treatise ascribed to Olympiodorus and extant only in Arabic Then the Arabic version of Ibn al Bitriq is investigated it was one of the sources used by the Arabic writers which are discussed after that al Kind Ibn S'n and later scholars who were inspired by him Ibn B'jja and Ibn Ru'd Two Arabic treatises on subjects from the Meteorology are edited and translated *Foclóir Gaedilge agus Béarla* Patrick S. Books about Montana and the West Montana State Library Commission,1962 *The Racial Politics of Bodies, Nations and Knowledges* Barbara Baird,Damien W. Riggs,2009-01-14 The Racial Politics of Bodies Nations and Knowledges takes on the urgent task of chipping away at existing racial and ethnic hierarchies that obstruct global and local movement towards human rights and social justice It imagines subjective social and political spaces which might enable this movement Many authors engage with Indigenous sovereignties from both Indigenous and non Indigenous perspectives While most authors write from an Australian perspective the issues addressed both have relevance beyond antipodean borders and complicate the idea of national boundaries Chapters include a comparison of Indigenous struggles for land in Canada and Australia the situation of minority ethnic and religious communities in the European Union a meditation on teaching an Australian film about colonial history to German university students and the story of the delicate positioning of a man of mixed Maori and Irish heritage finding cultural citizenship in the US academy in the mid 20th century Other chapters focus on children's storybooks media representations of suffering and websites aimed at gay and lesbian youth all international phenomena and all places where racialised politics are at play The book also offers insights into contemporary Australian racial politics via analyses of the treatment of asylum seekers the health of Indigenous women the education of young Indigenous people and the development of national histories in local tourist promotion Readers looking for international perspectives on racial issues will find this book a diverse but rewarding approach to vitally important subject matter *The Century Dictionary and Cyclopaedia: The Century dictionary* William Dwight Whitney,Benjamin Eli Smith,1897 The Century Dictionary and Cyclopaedia William Dwight Whitney,1895 Union List of Children's Series and Popular Authors Northern Illinois Library System (Rockford, Ill.),1988 Suggested Books for Indian Schools United States.
