Blebing Is In Your Hands:

Your Hands Can Heal You Master Stephen Co, Eric B. Robins, John Merryman, 2004-01-05 Originally published in hardcover in 2002 *Prayer Seeds* Joyce Rupp, 2017-03-03 Named one of the 50 best spiritual books of 2017 by Spirituality Practice Winner of a 2018 Catholic Press Association Award Prayer Collections First Place and a 2018 Association of Catholic Publishers Award Prayer Spirituality First Place Some of Sr Joyce Rupp's most perennially popular books have been collections of her original prayers, blessings, poems, and reflections. In *Prayer Seeds*, the bestselling author and retreat leader offers almost a hundred new selections on a variety of themes such as the feasts and seasons of the liturgical year, compassion ministry, difficult times, and important events, all suitable for personal or group prayer. People who attend Rupp's retreats or workshops often approach her to ask for a copy of a prayer that she composed for the event. In 2000, she collected her prayers in the book *Out of the Ordinary*. In *Prayer Seeds*, Rupp follows up with about a hundred never-before-published prayers written since the publication of the first collection. The prayers are organized thematically. Rupp's warmth and closeness to God, along with her sensitivity to the joy and sadness of life, make her an ideal prayer companion. Her prayers are like seeds planted in your soul. Tended and watered by love, they will grow and bear a rich harvest in your life. *The Book of Blessing* Robert Buck, 2009-05-27 *The Healing Energy of Your Hands* Michael Bradford, 2013-02-20 THE HEALING ENERGY OF YOUR HANDS demystifies the art of healing. Beginning with a basic explanation of the nature of healing energy, illness, and the role of the mind in the healing process, Bradford offers techniques so simple that anyone, even a child, can work with healing energy. The author's intention is that anyone using his book can awaken his or her natural healing talents quickly and easily. Topics include sensing energy, clearing energy blockages, eliminating negative self-talk, using affirmations, balancing the chakras, cleansing the auric field, relieving pain, and creating forgiveness. Spiritual Care in Palliative Care Megan C. Best, 2024-08-31 An international panel of experts have contributed to create the first comprehensive guide to spiritual care focussing on the palliative care setting, from neonatal to aged care, combining the theoretical underpinnings of spirituality research with practical applications for its introduction into patient care. This book is structured to give a detailed understanding of the importance of spirituality for patients approaching the end of life, as well as the impact of spiritual care on patients, families, and carers. As the first step towards reaching this goal, the need for spiritual care training of clinicians is outlined, including the crucial step of nurturing one's own spiritual life. Ways to identify and assess patients' spiritual needs are explained. The experience of existential suffering is explored, along with discussion of the ways it can manifest and how it can be addressed. The implementation of spiritual care in the clinical setting is detailed, with illustrations of the role of each member of the palliative care team and the benefits of an institutional approach. This valuable resource provides not only empirical evidence for the importance of spiritual care but also practical guidance for those wishing to practice it. It is ideal for all those caring for patients of all ages at the end of life, including palliative care clinicians, spiritual care professionals.
