Strategic Lean Thinking and Value Management for Gravel Roads in Zambia Richard Kasongo,2015-11-25 Doctoral Thesis Dissertation from the year 2015 in the subject Engineering General course Civil Engineering Management Construction Project Management language English abstract This research topic is entitled Strategic Lean Thinking and Value Management for Gravel Roads The study captured 82 respondents as research sample to a case study of Output Performance Based Contracts OPRCs for the Construction and Maintenance of Gravel Roads in Zambia Purposive sampling was used as most research participants were drawn from second generation OPRCs that were active between 2009 and 2014 The study was aimed at devising new Construction and Maintenance Contract methods for gravel roads that are based on Lean Thinking and Value Management philosophies in Zambia The established epistemological background to the study is that most of the Zambian road network is of gravel or earth standards and is therefore imperative that they are well maintained to attain desired service levels to properly serve the intended beneficiaries the road users The Road Development

Agency Annual Report of 2009 indicated that 33 000 Km of the total 40 671 Km core road network is classified as gravel roads unpaved which are at the moment mostly in a deteriorated state The study revealed that currently in Zambia Gravel Road Construction projects are commonly being realised through the use of traditional Contracts such as admeasured by the use of Bills of Quantities BOQs the Lump sum and Cost plus etc These are mainly short term form of Contracts which to some extent lack some components of sustainable maintenance regimes thereby rendering the Government and other Promoters efforts futile as gravel roads sooner or later deteriorate just after the first rain season upon their construction This was theoretical perspective which served as driver to the Research problem The study noted that current forms of Contracts did not inspire aspire and spur the spirit of ownership as the local people were left out in the planning and design stages of gravel road projects Despite all the attempts made by Government through the RDA and other implementing Agencies the Road Construction Industry in general has failed to get the best value for money through the use of these conventional types of Contracts One of the reasons for this failure according to Womack and Jones 2003 is that it is hard to define and realise value this is partly because most Producers Road Contractors want to make what they are already making and partly because Customers only know some variant of what they are already getting Total Quality Management (TQM) Sunil Luthra,Dixit Garg,Ashish Agarwal,Sachin K. Mangla,2020-10-04 Organisations are now focused on total customer satisfaction However there is a lack of understanding the requirements and the customer needs Total Quality Management TQM integrates all phases and ensures a defect free quality product This textbook provides the understanding of all aspects of TQM and the implementation This textbook covers all aspects of TQM discusses quality systems in detail highlights the importance of the needs of the customer and presents the concept of Total Productive Maintenance TPM Written as a textbook for students of engineering and management but also explains all quality systems which will be helpful to all organisations in choosing the correct quality system and helpful to managers in decision making while analyzing any process A solutions manual and power point presentations slides are available for qualified adoptions *Logistics and Supply Chain Management* ,2001 *ASME Technical Papers* , **Texas Instruments Technical Journal** ,1990 **The Effect of Preferred Supplier Programs and TQM on Logistical and Procurement Policies** Cynthia Louise Miller,1995 **Quality Progress** ,1993

Aftermarketing Terry G. Vavra,1992 The president of a marketing consulting and research firm warns marketers to shift their focus from customer conquest to customer retention He shows how to track customers serve them better measure customer satisfaction handle complaints and convert short term repeat purchasing into long term customer loyalty *Total Quality Management in the Chemical Industry* G. R. Turner,R. P. Hadfield,Society of Chemical Industry (Great Britain),1994 Total Quality in the Chemical Industry relates first hand experiences of both successes and the difficulties encountered in following the Total Quality philosophy It is complementary to existing how to guides illustrating the way this philosophy works in actual practice The book begins with a brief introduction to the subject and goes on to describe real examples of the

implementation of total quality management in industry in both manufacturing and research The bulk of the papers cover developments in the chemical industry but other industries are represented as well and the companies featured in the examples are widely recognized as being leaders in Total Quality Management TQM TQM is currently under criticism as being another management philosophy which fails to deliver yet this book shows that success can be gained and that the potential rewards are well worth the effort Total Quality Management in the Chemical Industry is essential reading for managers section leaders and safety professionals in the chemical industry and in most manufacturing industries as well
