

# Czech And Slovak Republic

**Stanislav J. Kirschbaum**

## **Czech And Slovak Republic:**

*The History of the Czech Republic and Slovakia* William Mahoney, 2011-02-18 This survey of Czech and Slovak history traces the development of two neighboring peoples through the creation of a common Czechoslovakian state in 1918 to the founding of the independent Czech and Slovak Republics in 1993 and beyond The History of the Czech Republic and Slovakia charts historical developments in the two nations to the opening decade of the 21st century The book begins with an overview of the geography climate people economy and government of both the Czech and Slovak republics Subsequent chapters offer a chronologically organized survey of historical events trends ideas and people Starting with the early Slavic settlements around the 5th century AD the book explores Czech and Slovak history through the Middle Ages the Renaissance and Early Modern eras the Enlightenment and the age of nationalism and revolution Chapters on the 20th century include discussion of the World Wars the interwar Czechoslovak state the Communist decades the Prague Spring and the Velvet Revolution of 1989 The story is brought up to date with insights into developments in the independent Czech and Slovak republics since 1993

*The Czech And Slovak Republics* Carol Leff, 2018-02-15 This clear objective introduction to the politics of Czechoslovakia and the successor Czech and Slovak Republics provides a comprehensive analysis of Czechoslovakia in the postcommunist period Carol Leff builds a framework for understanding the dynamics of the triple transition democratization marketization and a national transformation that has reconfigured the dynamic between state and nation She shows how the interaction of these three transformational agendas has shaped Czechoslovakia's development ultimately culminating in the paradoxical disintegration of a state that most of its citizens wished to preserve The book offers a valuable case study of a country coming back to Europe but it also provides an opportunity for analyzing the influence of communism on what had been a significant interwar European state The book's strong comparative element will make it invaluable as well for those seeking to understand contemporary Central and Eastern Europe

*The Road to the European Union* Jacques Rupnik, Jan Zielonka, 2003-11-08 This book the first of two volumes covers the preparation for accession to the European Union in the Czech and Slovak Republics The chapters focus on the conceptual challenges facing the European Union as a result of the enlargement process such as institutional reform Europe's new borders and the cultural identity of an enlarged Union Each chapter also identifies and analyzes the problems facing the individual East European applicant from a comparative perspective It examines the causes and implications of the Czech Slovak break up and the two nations separate road to the European Union

**Defining the Sovereign Community** Nadya Nedelsky, 2012-02-28 Though they shared a state for most of the twentieth century when the Czechs and Slovaks split in 1993 they founded their new states on different definitions of sovereignty The Czech Constitution employs a civic model founding the state in the name of the citizens of the Czech Republic while the Slovak Constitution uses the more exclusive ethnic model and speaks in the voice of the Slovak Nation *Defining the Sovereign Community* asks two central questions First why did the two states define

sovereignty so differently Second what impact have these choices had on individual and minority rights and participation in the two states Nadya Nedelsky examines how the Czechs and Slovaks understood nationhood over the course of a century and a half and finds that their views have been remarkably resilient over time These enduring perspectives on nationhood shaped how the two states defined sovereignty after the Velvet Revolution which in turn strongly affected the status of the Hungarian minority in Slovakia and the Roma minority in the Czech Republic Neither state has secured civic equality but the nature of the discrimination against minorities differs Using the civic definition of sovereignty offers stronger support for civil and minority rights than an ethnic model does Nedelsky s conclusions challenge much analysis of the region which tends to explain ethnic politics by focusing on postcommunist factors especially the role of opportunistic political leaders Defining the Sovereign Community instead examines the undervalued historical roots of political culture and the role of current constitutional definitions of sovereignty Looking ahead Nedelsky offers crucial evidence that nationalism may remain strong in Slovakia and the Czech Republic even in the face of democratization and EU integration and is an important threat to both

**The Czech & Slovak Republics** Rob Humphreys, David Charap, 1996 This book provides comprehensive and up to date information about the Czech and Slovak republics with reviews of the best restaurants and pubs accommodation and entertainment plus information on the history and culture of the two nations *The Czech and Slovak Republics* M. Mark Stolarik, 2017-01-01 The essays in the book compare the Czech Republic and Slovakia since the breakup of Czechoslovakia in 1993 The papers deal with the causes of the divorce and discuss the political economic and social developments in the new countries This is the only English language volume that presents the synoptic findings of leading Czech Slovak and North American scholars in the field The authors include two former Prime Ministers of the Czech Republic and Slovakia eight leading scholars four Czechs and four Slovaks and eight knowledgeable commentators from North America The most significant new insight is that in spite of predictions by various pundits in the Western World that Czechia would flourish after the breakup and Slovakia would languish the opposite has happened While the Czech Republic did well in its early years it is now languishing while Slovakia which had a rough start is now doing very well Anyone interested in the history of the Czech and Slovak Republics over the last twenty years will find gratification in reading this book [The Czech And Slovak Republics](#) Carol Leff, 2018-02-15 This clear objective introduction to the politics of Czechoslovakia and the successor Czech and Slovak Republics provides a comprehensive analysis of Czechoslovakia in the postcommunist period Carol Leff builds a framework for understanding the dynamics of the triple transition democratization marketization and a national transformation that has reconfigured the dynamic between state and nation She shows how the interaction of these three transformational agendas has shaped Czechoslovakia s development ultimately culminating in the paradoxical disintegration of a state that most of its citizens wished to preserve The book offers a valuable case study of a country coming back to Europe but it also provides an opportunity for analyzing the influence of communism on what had been a significant interwar

European state The book's strong comparative element will make it invaluable as well for those seeking to understand contemporary Central and Eastern Europe NATO and the Czech and Slovak Republics Jeffrey Simon, 2004 This is the second of three books by Jeffrey Simon on emerging post communist countries to recently join NATO As with the previous volume Hungary this book represents a tremendous amount of first hand research grounded in primary source material and personal interviews with key civil and military leaders Visit our website for sample chapters *Czech & Slovak Republics* Michael Jacobs, 1999 The political complexion of the old Czechoslovakia has changed much since the first edition of this guide in 1992 and these changes are reflected in this revised and updated edition The author tours through castles and spa towns as well as old villages farther afield and he covers all aspects of this fascinating country including the glories of its art and architecture but also its music literature and cinema Slovakia on the Road to Independence Paul Hacker, 2010 This memoir covers the volatile political intrigues surrounding the breakup of Czechoslovakia and the founding of independent Slovakia in 1993 **Czech & Slovak Republics** Insight Guides, 1998 Insight Guides the world's largest visual travel guide series in association with Discovery Channel the world's premier source of nonfiction entertainment provides more insight than ever From the most popular resort cities to the most exotic villages Insight Guides capture the unique character of each culture with an insider's perspective Inside every Insight Guide you'll find Evocative full colour photography on every page Cross referenced full colour maps throughout A brief introduction including a historical timeline Lively essays by local writers on the culture history and people Expert evaluations on the sights really worth seeing Special features spotlighting particular topics of interest A comprehensive Travel Tips section with listings of the best restaurants hotels and attractions as well as practical information on getting around and advice for travel with children **A History of Slovakia** Stanislav J. Kirschbaum, 1995 A history of Slovakia from prehistory to the 1990s It includes a description of the development of a Slovakian consciousness from the 19th century under the colonial rule of the Hungarians through the merger into Czechoslovakia Nazi sponsored independence the Russian invasion and independence **Czech & Slovak Republics** John S. King, Scott McNeely, Richard Nebeský, 1998 Briefly traces the history of the region describes points of interest and recommends hotels and restaurants **Czech and Slovak Republics**, 2006 Describes the history features and places of interest of the Czech and Slovak Republics including travel tips and maps **Czech & Slovak Republics** John S. King, Richard Nebeský, 1995 Croatia is one of the most popular short haul destinations for Europeans and a trendy travel hot spot Smart itineraries section helps readers tailor their trips *The Road to the European Union: The Czech and Slovak Republics* Jacques Rupnik, 2003 The Baltic states are at the doorstep of accession to the European Union In the space of just ten years Estonia Latvia and Lithuania have gone from being fragile and largely unknown ex Soviet republics to having a clear and acknowledged place in the construction of Europe What are the challenges and adjustments that the three countries have had to undergo during this momentous journey This volume profiles a range of social political and economic

developments in the Baltic states during the 1990s and the early years of the twenty first century Its ten chapters tell the story of how small states struggle to establish themselves in regional and international politics how they attempt to resolve relations with former rulers how they address questions of multiethnic democracy and social integration how they build state administrations and foster democratic constitutional norms and how they reorganise economic structures and develop foreign trade It will serve as an excellent companion volume for those studying both EU enlargement and post communist transition

Slovakia in History Mikuláš Teich, Dušan Kováč, Martin D. Brown, 2011-02-03 Until the dissolution of Czechoslovakia Slovakia s identity seemed inextricably linked with that of the former state This book explores the key moments and themes in the history of Slovakia from the Duchy of Nitra s ninth century origins to the establishment of independent Slovakia at midnight 1992 3 Leading scholars chart the gradual ethnic awakening of the Slovaks during the Reformation and Counter Reformation and examine how Slovak national identity took shape with the codification of standard literary Slovak in 1843 and the subsequent development of the Slovak national movement They show how after a thousand years of Magyar Slovak coexistence Slovakia became part of the new Czechoslovak state from 1918 39 and shed new light on its role as a Nazi client state as well as on the postwar developments leading up to full statehood in the aftermath of the collapse of communism in 1989 There is no comparable book in English on the subject

**Winners and Losers of EU Integration** Helena Tang, 2000-01-01 The contributors include researchers from the ten CEECs as well as from current EU member countries
