**United Nations Secretaries General** Peter J. Kelly,1999 The United Nations has fought an uphill battle since its formation in 1945

One General Secretary after another has fought unruly members the tendency of several countries to ignore UN resolutions and continuous budget difficulties caused in part by the refusal of deadbeat countries to pay their dues In spite of these problems the UN has numerous successes to its credit If the world is not to go up in flames the United Nations will play an even larger role in the future Before this can happen however the world will require leaders with more foresight and courage than those around now The Secretaries General of the UN have laboured sometimes in obscurity to accomplish their missions This book gathers together citations including abstracts from the journal literature books government reports and edited collections From Manager to Visionary K. Kille,2006-12-11 This study examines how the UN Secretary General's leadership qualities affect how they address threats to peace and security The personal traits of all seven Secretaries General are measured and categorized into one of three leadership styles managerial strategic and visionary **Young Adult Reader's Adviser** Marion Sader,1992-01-30 The best in literature and language arts mathematics and computer science
