

HOW TO BUDGET ON A LOW INCOME

01 Prioritize Expenses

Always pay necessities first, including food, housing, utilities and transportation. Pay no other expenses until these are taken care of.

02 Cut Costs

Temporarily cut out all non-necessities such as eating out, personal spending, vacation, recreation, etc. The goal is to get caught up and a plan in place.

03 Set a Budget

Break the paycheck to paycheck cycle by carefully and strategically making a written budget every month before the month begins. Plan every single dollar on paper.

04 Use Cash to Save

Research shows when we use cash we behave differently with money. Cash budgeting is especially helpful for budget categories you tend to overspend on.

Whose Utility? John Ernst, 1994 An in depth analysis of the impact of public utility privatization on ordinary consumers This text traces the history of energy and water privatization and documents the community and consumer sectors various attempts to influence the structure of privatization and regulation It provides data on the energy and water utilities over the first period of privatization and shows that the benefits and costs of privatization have not been shared equally Low income consumers have been particularly adversely affected and the regressive outcomes of privatization have undercut the gains that domestic consumers have made in some areas of service provision Concluding with an overview of the British experiment of energy and water privatization the author argues that the privatization settlements reached by successive Conservative governments with the privatized utility companies are seriously flawed and that the British model of privatization is inappropriate to the domain of essential public utility service
