

Objective Summary 1 - <https://www.globeslcc.com/2021/10/21/pros-and-cons-returning-to-campus-covid-19/>

- Students wants to return campus with a full experience of having the college life, as stated in the article, "I want the full college experience. I want to be able to meet others with the same interests as me," said Leilani Miller, a student at SLCC."
- With covid impacting us the way it did trying to get back on campus back to "normal" will cause a bunch of health issues along the way. Students should be able to make a vote on to rather returning to campus is a safe thing to do for them without getting penalized if chosen not to.
- Getting back on campus is affecting our health and mental health. The article states, "anxious to get back to all or more in-person classes."
- Covid has been a traumatizing experience to deal with since it started, more than half of the students that lives on campus are scared that they are going to contract it, losing close people to covid etc. The article says, "Since the beginning of the pandemic, 71 percent of students polled say they have experienced increased stress and anxiety due to the loss of family members, the fear of contracting COVID-19, and the isolation they were forced into because of the virus."

This article I used for this summary was a very thought-out writing which included Author, publisher, it contains reliable sources, it is relevant to the topic and finally it does speak on both sides of this argument, but I only used one side. I would rate this a 4. **OVERALL SCORE is an 20**
