Cycling A Sociology of V lomobility explores cycling as a sociological phenomenon Drawing on extensive ethnographic fieldwork it considers the interaction of materials competencies and meanings that comprise a variety of cycling practices What might appear at first to be self evident actions are shown to be constructed through the interplay of numerous social and political forces Using a theoretical framework from mobilities studies its central themes respond to the question of what it is about cycling that provokes so much interest and passion both positive and negative Individual chapters consider how cycling has appeared as theme and illustration in social theory as well as the legacies of these theorizations The book expands on the image of cycling practices as the product of an assemblage of technology rider and environment Riding spaces as material technologies are found to be as important as the machinery of the cycle and a distinction is made between routes and rides to help interpret aspects of journey making Ideas of both affordance and script are used to explore how elements interact in performance to create sensory and experiential scapes Consideration is also given to the changing identities of cycling practices in historical and geographical perspective The book adds to existing research by extending the theorization of cycling mobilities It engages with both current and past debates on the place of cycling in mobility systems and the problems of researching analyzing and communicating ephemeral mobile experiences **A Bike Ride Through My Life** Frank Clements,2011-06-06 A Bike Ride through My Life chronicles the life of author Frank Clements with bicycles following the twists and turns that his life has taken in pursuit of his passion for riding Clements is the younger brother of Ernie Clements winner of several British Cycling Championships and a Silver Medal in the 1948 Olympic Games Bicycle Race Despite his love of cycling he first chose to join National Service in the RAF to establish a unique place for himself and spent virtually all of his final twelve months of service riding a bike After his tour of duty ended he began training to become the best cyclist in the world his lifes ambition since his success as a potential world class cyclist as a teen Clements has had many ups and downs in his cycling life At a young age he came in second in the British under eighteen championships and just missed being a member of the British Olympic Cycling team for the 1956 Olympics in Melbourne

In Plain Sight Dan Davies,2014-07-17 A major source for the BBC drama The Reckoning Winner of the 2015 Gordon Burn Prize and the 2015 CWA Non Fiction Dagger Shortlisted for the Orwell Prize and the James Tait Black Prize Dan Davies has spent more than a decade on a quest to find the real Jimmy Savile and interviewed him extensively over a period of seven years before his death In the course of his quest he spent days and nights at a time quizzing Savile at his homes in Leeds and Scarborough lunched with him at venues ranging from humble transport cafes to the Athenaeum club in London and most memorably joined him for a short cruise aboard the QE2 Dan thought his quest had come to an end in October 2011 when Savile s golden coffin was lowered into a grave dug at a 45 degree angle in a Scarborough cemetery He was wrong In the last two and a half years Dan has been interviewing scores of people many of them unobtainable while Jimmy was alive What he has discovered was that his instincts were right all along and behind the mask lay a hideous truth Jimmy Savile was not only complex damaged and controlling but cynical calculating and predatory He revelled in his status as a Pied Piper of youth and used his power to abuse the vulnerable and underage all the while covering his tracks by moving into the innermost circles of the establishment
