Da Vinci Decodificado:

El Código Dan Brown Por Leonardo Da Vinci -La Cara Oculta de La Ficción Christopher A Thea,2007-12 Lo que la Clave de Salomón no revela es diferente a todos los demás libros escritos acerca del Código Da Vinci EL CDIGO DAN BROWN por Leonardo da Vinci La cara oculta de la ficción es el nuevo libro que explica la razón y la lógica de todas las incongruencias contenidas en el polémico Best Seller y al unsono nos señala la importancia de trascender el secreto que nos va revelando y que durante años la monumental propaganda de desinformación a tergiversado insensibilizando al público acerca de la verdadera clave a seguir

Cryptex da Preservação Digital Humberto Celeste Innarelli,2023-05-12 Este libro Cryptex da preservação digital busca apresentar a problemática da preservação de documentos arquivísticos digitais frente às teorias e práticas arquivísticas e às tecnologias da informação e da comunicação TICs com o intuito de identificar as variáveis que impactam diretamente as políticas de preservação dos documentos arquivísticos digitais nas instituições. Busca ainda apoiar as bases conceituais da preservação digital no Brasil e instrumentalizar as instituições com vistas à implementação de modelos de preservação digital de seus documentos arquivísticos. Trabalha com o cenário de que a gestão e a preservação inadequada dos documentos arquivísticos digitais via de regra sob responsabilidade de administradores e profissionais das TICs sem interface com os arquivistas coloca em risco o documento arquivístico digital e conseqüentemente a memória social de parte da história da humanidade. Propõe um modelo conceitual de gestão da preservação de documentos arquivísticos digitais aplicável a qualquer instituição independentemente de seu porte e o discute em relação às propostas desenvolvidas pelo projeto InterPARES. A análise do modelo conceitual permite identificar outros elementos em busca do aperfeiçoamento da gestão da preservação de documentos arquivísticos digitais.

El misterio de las coincidencias Eduardo R. Zancolli,2015-11-01 Prólogo de Deepak Chopra Un relato que comienza en la India tibetana. Las experiencias vividas por el autor en ese viaje nos llevan a reflexionar sobre el papel de las coincidencias su significado y la repercusión que han tenido y tienen en nuestra vida. Poseen las coincidencias un significado oculto. Vivimos experimentando coincidencias. Solemos pensar que se deben al azar y que no tenemos que buscar un significado. Sin embargo mediante el estudio de las leyes de la naturaleza se ha encontrado que todo parece emerger de un orden más profundo un orden con un propósito. Y lo que es más asombroso ese mismo orden se ocupa de cada uno de nosotros. A partir de un viaje a la India Zancolli aborda ese sentido detrás de las coincidencias y se embarca en una historia atrapante llena de misterio. Retoma para eso los aportes de la teoría de la sincronicidad de C. G. Jung y los combina con aspectos de la física cuántica y con una perspectiva personal sobre la religión budista. El enfoque es revolucionario nos obliga a replantearnos a pensar un camino alternativo que aún no hemos recorrido y aguarda ser descubierto. Porque cuando lo que llamamos casualidad ofrece un profundo significado a quien la experimenta se está manifestando la sincronicidad. Si sabemos escucharla puede convertirse en una gran guía.
