Biography as Theology James Wm. McClendon,2002-07-30 This minor classic of the narrative theology movement proposes to use biography as a way of doing theology rather than using biography to set forth models of exemplary living to inspire the faithful By looking at the lives of four significant persons Dag Hammarskjöld Martin Luther King Jr Clarence Jordan and Charles Ives the author discovers a theology that is adequate to account for the kind of lives these persons lived This unique approach to theology is applicable to any religion but the author has chosen to work within his own Christian tradition in this book The book concludes with suggested methods by which the work of doing theology biographically can be carried further *Dag Hammarskjöld* Margaret A. Mayer,1974 **Markings** Dag Hammarskjöld,1982-12 Dag Hammarskjöld left behind the manuscript of this book to be published after his death It is a remarkable record of the spiritual life of a man whose public image was universally known and admired a record that reveals the extent of his commitment to the Way of the Cross Hammarskjöld himself described the manuscript as a sort of white book concerning my negotiations with myself and with God The first entry is a poem written about 1925 the notes made during the 1940 s and 1950 s reflect a period of constant spiritual growth self questioning and resolution and the book ends with a poem he wrote only a few weeks before his death In *Markings* Hammarskjöld felt that he gave the only true profile of himself Lacking as it

does any reference to the external world the book constitutes only half a portrait as W H Auden points out in his Foreword But as we read it the outer image of the Secretary General persists and heightens the sense of loneliness Hammarskjöld conveys the severity with which he marked his own spiritual conduct and measured the integrity of his soul his conception of life as a summons and his premonition of death Many will read this book primarily as a unique historical document many will find in its meditations an unusual devotional book But above all almost every reader is bound to feel with Auden that he has had the privilege of being in contact with a great good and lovable man *Dag Hammarskjöld Remembered* Mary-Lynn Hanley, Henning Melber, 2011 It is now fifty years since Dag Hammarskjöld left the world and the United Nations behind Yet with every passing year since his death his stature grows and his worth along with his contribution becomes more apparent and meaningful When Hammarskjöld was at its helm the United Nations was still a relatively young organization finding its way in a post war world that had entered a new phase the cold war for which there was no roadmap He was a surprise choice as Secretary General a so called safe choice as there was little expectation that this former Swedish civil servant would be more than a competent caretaker Few imagined that Dag Hammarskjöld would embrace his destiny with such passion and independence and even fewer could have foreseen that he would give his life in service to his passion But as Hammarskjöld himself stated Destiny is something not to be desired and not to be avoided a mystery not contrary to reason for it implies that the world and the course of human history have meaning That statement sums up his world view This is a volume of memoirs written by people who knew Hammarskjöld We hope that these memories succeed in imparting to those who never knew or worked with Dag Hammarskjöld the intrinsic flavour of this unusual highly intelligent highly complex individual who believed deeply in the ability of people especially their ability to affect the world in which they live He once reflected Everything will be all right you know when When people just people stop thinking of the United Nations as a weird Picasso abstraction and see it as a drawing they made themselves Today that advice rings as true as ever *Dag Hammarskjöld*, 1972 **Public Papers of the Secretaries-General of the United Nations: Dag Hammarskjöld, 1953-1961. 4 v**, 1969
