Discussing race within White families: how conversations are had and how to promote better conversation habits

What children are taught by their parents about race shapes their perceptions and behavior for the rest of their lives. Families can promote equality and respect for all racial groups through simple discourse, but there are a few concepts that are helpful to understand first.

## Color Blind Racial Socialization Approach

A parent who ignores the concept of race, minimizes social indifferences, and/or claims that paying attention to race delegitimizes minority groups (Gobeil, 2022).

VS.

## Color Conscious Socialization Approach

A parent who would rather recognize race as a factor when understanding the identity of a child and understand that White people hold a place of privilege (Gobeil, 2022).
