Conversations With Derek Walcott:

Conversations with Derek Walcott Derek Walcott, 1996 When Derek Walcott was awarded the Nobel Prize he was cited for a poetic oeuvre of great luminosity sustained by a historical vision the outcome of a multicultural commitment The lively interviews in this collection reveal Walcott's generous and brilliant intelligence as well as his strong forthright opinions He discusses the craft of poetry the status of contemporary poetry and drama his founding of the Trinidad Theatre Workshop and his views on a number of influential writers including Eliot Auden Brodsky Heaney and Naipaul Boldly speaking his mind Walcott takes many controversial positions on a wide range of subjects such as Caribbean and U S politics literary instruction in American universities the proper role of sound in modern poetry and the ego apparent in contemporary American poetry and problems of race Whatever the subject Walcott responds fully and candidly *Conversation with Derek Walcott* Robert D. Hammer, 1977 *TONGUES OF FALLEN ANGELS*. Selden Rodman, 1974 **Disturbers of the Peace** Kelly Baker Josephs, 2013-10-11 Exploring the prevalence of madness in Caribbean texts written in English in the mid twentieth century Kelly Baker Josephs focuses on celebrated writers such as Jean Rhys V S Naipaul and Derek Walcott as well as on understudied writers such as Sylvia Wynter and Erna Brodber Because mad figures appear frequently in Caribbean literature from French Spanish and English traditions in roles ranging from bit parts to first person narrators the author regards madness as a part of the West Indian literary aesthetic The relatively condensed decolonization of the anglophone islands during the 1960s and 1970s she argues makes literature written in English during this time especially rich for an examination of the function of madness in literary critiques of colonialism and in the Caribbean project of nation making In drawing connections between madness and literature gender and religion this book speaks not only to the field of Caribbean studies but also to colonial and postcolonial literature in general The volume closes with a study of twenty first century literature of the Caribbean diaspora demonstrating that Caribbean writers still turn to representations of madness to depict their changing worlds **The Crowning of a Poet's Quest** Paola Loreto, 2009 This first extended study of Derek Walcott's *Hound* 2000 defines the book as the culmination of the poetry and poetic of the Caribbean writer and Nobel Prize winner In this long poem Walcott achieves three goals pursued throughout his career to develop an original Caribbean aesthetic to meld the modes of poetry and prose and to formulate the *Bildung* of the island artist in terms of an autobiographical narrative The analysis provides an aesthetic and cultural evaluation of the poem in terms both of the Western poetic tradition to which it refers through its rich intertextuality and of its significance as a postcolonial milestone The commentary locates Walcott in an aesthetic tradition running from Emerson through the American Pragmatists to modernist poets describes his experimental use of certain central narrative strategies in his semi autobiographical long poems which is compared to those of another openly admired bilingual writer Vladimir Nabokov explores Walcott's revision of the epic mode and of the genre of autobiography delineates his unfolding of a post Romantic internalization of the poet's

Arthurian quest and discusses his complex treatment of the multi layered metaphor of light as major evidence of the maturity of his style and poetic with their conscious cross fertilization between the literary cultures of Europe and the Caribbean An appendix to this study contains the transcriptions of various Walcott events that took place in Italy in the summers of 2000 and 2001 including a creative writing seminar a press conference and readings This extensive material opens a window onto Walcott s gifts as a teacher to his stringent yet passionate commitment to the art of poetry and to the ways in which he and his students grapple with the challenges of literary translation Conversations with V. S. Naipaul Feroza F. Jussawalla,1997 This collection brings together interviews from a thirty six year span and reveals a witty sometimes scathing talker with a free ranging curiosity In early interviews mostly given to such fellow writers and colleagues as Derek Walcott and Eric Roach Naipul is clipped brusque and clearly impatient with interviewers More recent interviews given primarily to journalists rather than literary figures reveal a more mellow Naipaul often warm passionate and forthcoming about his private life *Tragedy and International Relations* T. Erskine,R. Lebow,2012-03-29 Nowhere are clashes between competing ethical perspectives more prevalent than in the realm of International Relations Thus understanding tragedy is directly relevant to understanding IR This volume explores the various ways that tragedy can be used as a lens through which international relations might be brought into clearer focus Modernism, Postcolonialism, and Globalism Richard Begam,Michael Valdez Moses,2019 As England withdrew from its empire after World War II how did writers living outside the United Kingdom respond to the history of colonialism and the aesthetics of modernism within a global context In fourteen original essays edited by Richard Begam and Michael Valdez Moses a distinguished group of scholars considers these questions in relation to novelists playwrights and poets living in English speaking countries around the world Modernism Postcolonialism and Globalism not only examines how modernism and postcolonialism evolved over several generations but also situates the writers analyzed in terms of canonical realignments inspired by the New Modernist Studies and an array of emerging methodologies and approaches While this volume highlights social and political questions connected with the end of empire it also considers the aesthetics of postcolonialism detailing how writers drew upon responded to and sometimes reacted against the formal innovations of modernism Many of the essays consider the influence modernist artists and movements exercised on postcolonial writers from W B Yeats Joseph Conrad Franz Kafka Marcel Proust James Joyce T S Eliot and Virginia Woolf to Impressionism Expressionism Surrealism and Abstractionism Modernism Postcolonialism and Globalism is organized around six geographic locales and includes essays on Africa Chinua Achebe Ngugi wa Thiong o Nadine Gordimer J M Coetzee Asia Salman Rushdie Arundhati Roy the Caribbean Jean Rhys Derek Walcott V S Naipaul Ireland Samuel Beckett Seamus Heaney Australia New Zealand David Malouf Keri Hulme and Canada Michael Ondaatje Examining how Anglophone writers engaged with the literary intellectual and cultural heritage of modernism this volume offers a vital and distinctive intervention in ongoing discussions of modern and contemporary literature *Interlocking*

Basins of a Globe Jean Antoine-Dunne, 2013 A new study of the first Caribbean writer to win the Nobel Prize for Literature
Derek Walcott Essays range from critical discussion of Walcott's earliest poetry in *Twenty Five Poems* to his most recent
collections exploring the approach of old age *The Prodigal* and *White Egrets* **The First Naipaul World Epics**
, 2021-07-31 The plethora of commentary from highly respected voices in a broad cross section of academic disciplines which
V S Naipaul's death on 11 August 2018 elicited ranged so widely both cognitively and emotionally that if a student of
literature unfamiliar with the Naipaulian era read it all they would have failed to make sense of the divergences Allegations
included that he was a cruel man a scarred man the darkest dungeons of colonialism incarnate self punishing self loathing
world loathing full of nastiness and fury a ventriloquist for the nastiest cliches European colonialism had devised to rule the
world with arrogance and confidence and so on On the other hand writers referred to Naipaul as a brilliant writer's writer
one who holds a mirror of imagination unto society to capture a certain view of reality and one who has turned the genre of
the travelogue into an art form Debates aside many of us appreciate the value of Naipaul's writing to the deepest possible
comprehension of the imperial impulse and the myriad reasons it manifested as colonialism *The First Naipaul World Epics* is
the first in a series of critical collections that aim to demonstrate this value At the same time the series seeks to help the new
student through the quagmire of divergent opinions his personality and writing have generated **Fourteen on Form**
William Baer, 2004 Poets include Willis Barnstone Robert Conquest Wendy Cope Douglas Dunn Anthony Hecht John
Hollander Donald Justice X J Kennedy Maxine Kumin Frederick Morgan John Frederick Nims W D Snodgrass Derek
Walcott Richard Wilbur When free verse and its many movements seemed to dominate poetry other writers worked
steadfastly insistently and majestically in traditional forms of rhyme and meter Such poets as Anthony Hecht Donald Justice
Derek Walcott and Richard Wilbur used sonnets villanelles blank verse and many other forms to create dazzling lasting work
Their writing posed a counterpoint to free verse sustained a tradition in English language verse and eventually inspired the
movement called New Formalism *Fourteen on Form* Conversations with Poets collects interviews with some of the most
influential poets of the last fifty years William Baer editor of *The Formalist* asks incisive questions that allow writers to
discuss in detail a wide range of topics related to their work methods of composition and the contemporary poetry scene
Maxine Kumin reflects on being a woman poet during a period in which women were not encouraged to submit to journals
With clarity and passion Walcott remembers the impetus of his famous Eulogy to W H Auden British poet Wendy Cope talks
about the differences between how her barbed poems are received in England and abroad The conversations return
continually to the serious matter of poetic craft especially the potential power of form in poetry These well paced
conversations showcase poets discussing their creative lives with insight and candor The sum total of their forthright
opinions in *Fourteen on Form* not only elucidates the current situation of the art form but also serves as a primer for
understanding the fundamental craft of poetics William Baer is a professor of English at the University of Evansville and the

editor of *The Formalist* He edited *Elia Kazan Interviews and Conversations with Derek Walcott* both published by University Press of Mississippi *Derek Walcott* John Thieme,1999-07-02 John Thieme here provides a comprehensive study of Derek Walcott s writing from its beginnings in the 1940s to his most recent work Walcott s poetry and drama are set against the background of various contexts and intertexts Caribbean European and other that have shaped him as a writer The book contains a broad overview of Walcott s career for students and readers coming to the work of the 1992 Nobel Laureate for the first time **"On the Far Side of Revenge"** Aaron Christopher Eastley,2003 [Between Fury And Peace](#) Askold Melnyczuk,2022-08-31 This volume of essays explores all aspects of Nobel Prize winning poet Derek Walcott s creative work by writers who knew him as colleagues friends and students *Writers in Conversation with Christopher Bigsby: Edward Albee. H. Dettmar,2006 The goal of this anthology is to present a wealth of poetry prose and drama from the full sweep of the literary history of the British Isles and its empire and to do so in ways that will bring out both the works original cultural contexts and their lasting aesthetic power Pref **Nobody's Nation** Paul Breslin,2009-02-15 Nobody s Nation offers an illuminating look at the St Lucian Nobel Prize winning writer Derek Walcott and grounds his work firmly in the context of West Indian history Paul Breslin argues that Walcott s poems and plays are bound up with an effort to re imagine West Indian society since its emergence from colonial rule its ill fated attempt at political unity and its subsequent dispersal into tiny nation states According to Breslin Walcott s work is centrally concerned with the West Indies imputed absence from history and lack of cohesive national identity or cultural tradition Walcott sees this lack not as impoverishment but as an open space for creation In his poems and plays West Indian history becomes a

realm of necessity something to be confronted contested and remade through literature What is most vexed and inspired in Walcott s work can be traced to this quixotic struggle Linking extensive archival research and new interviews with Walcott himself to detailed critical readings of major works Nobody s Nation will take its place as the definitive study of the poet
